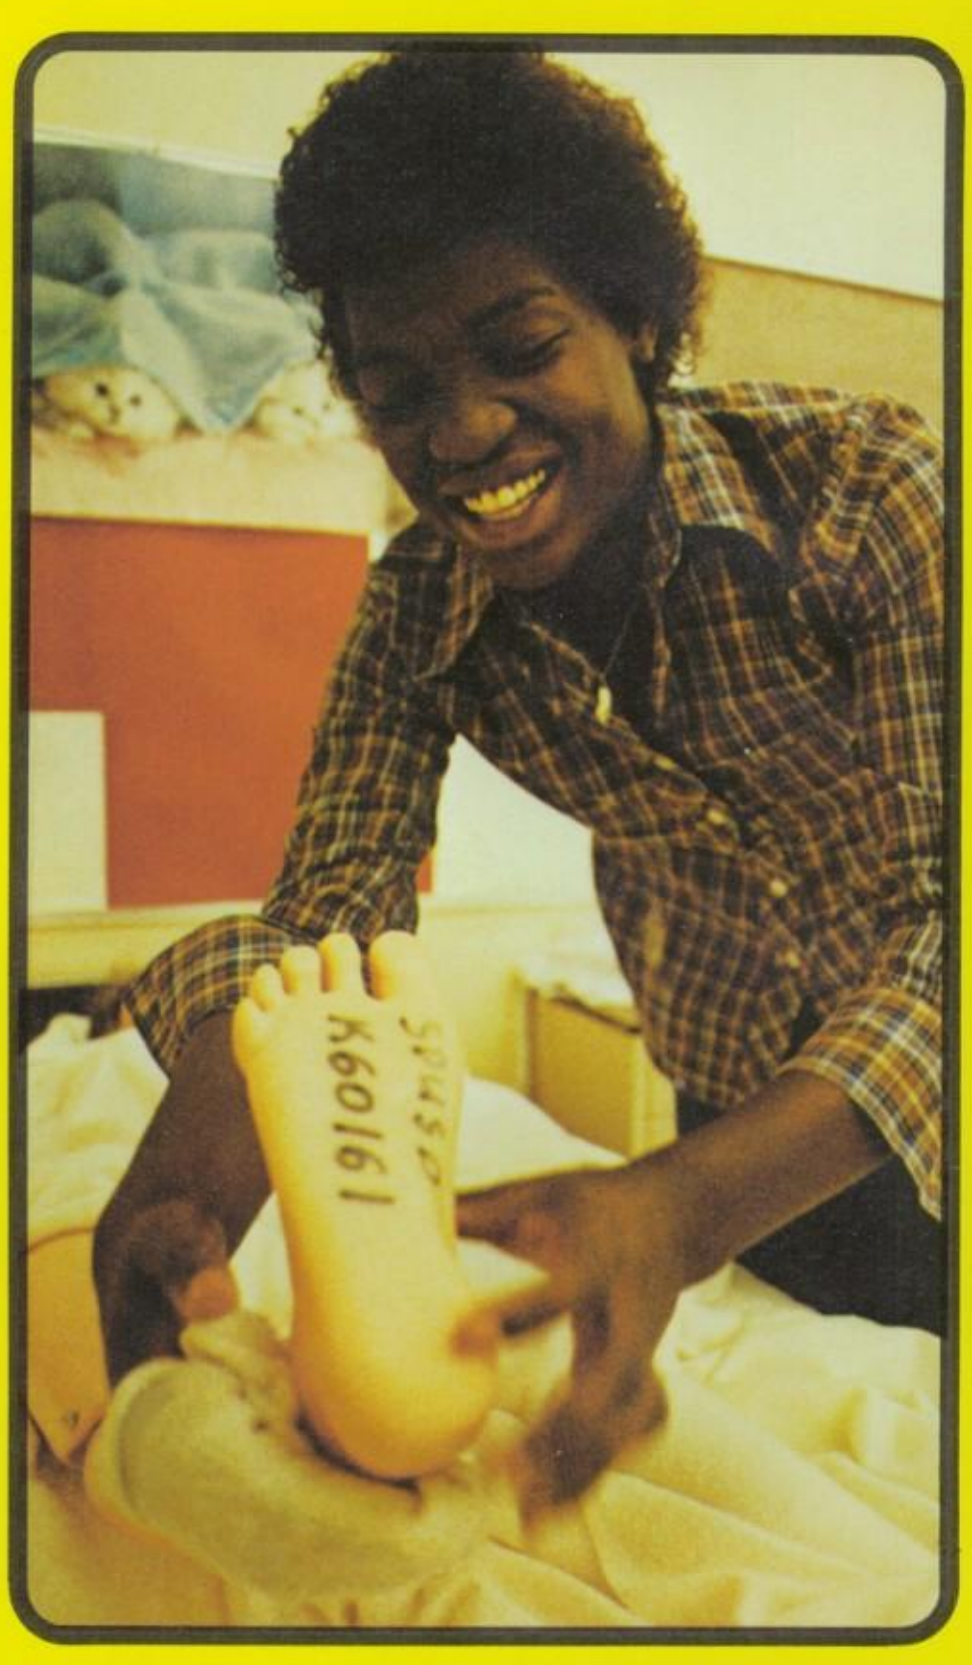
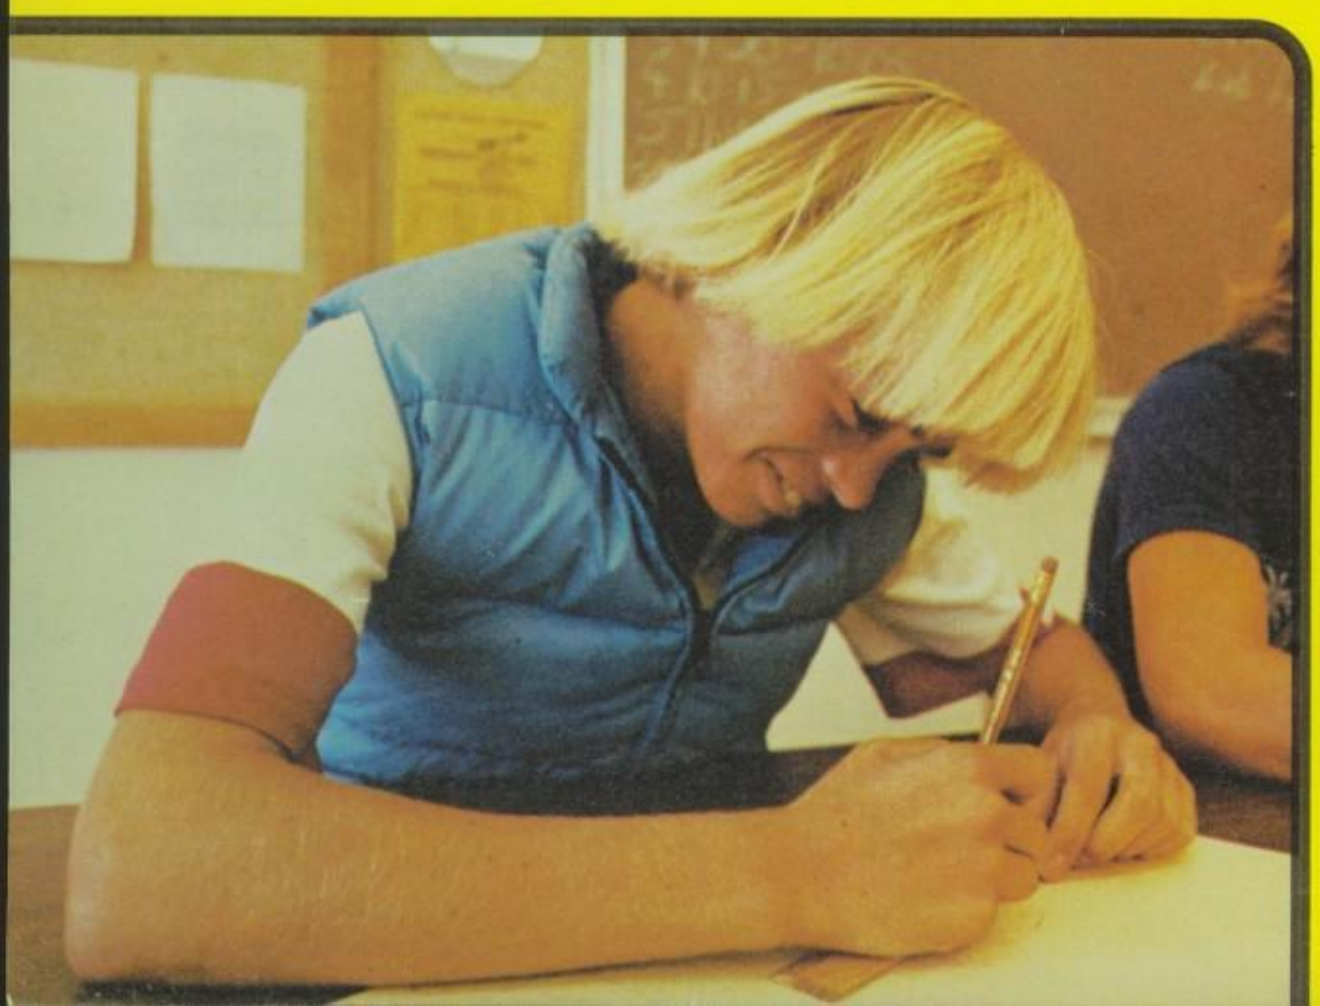
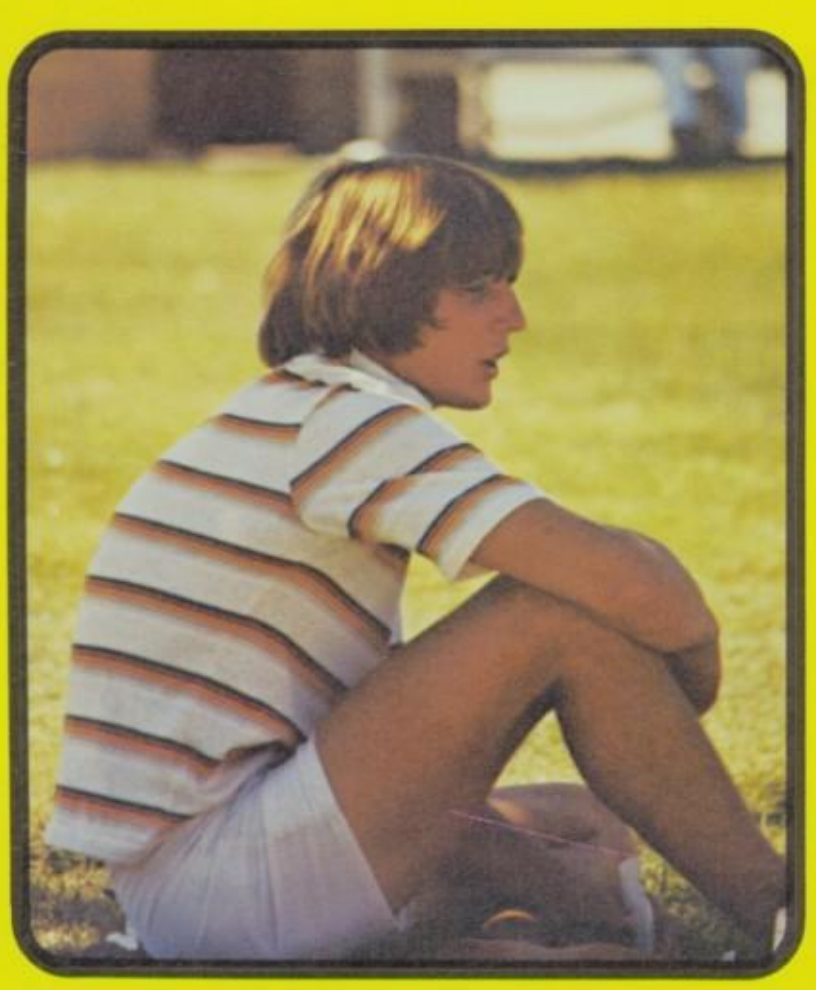
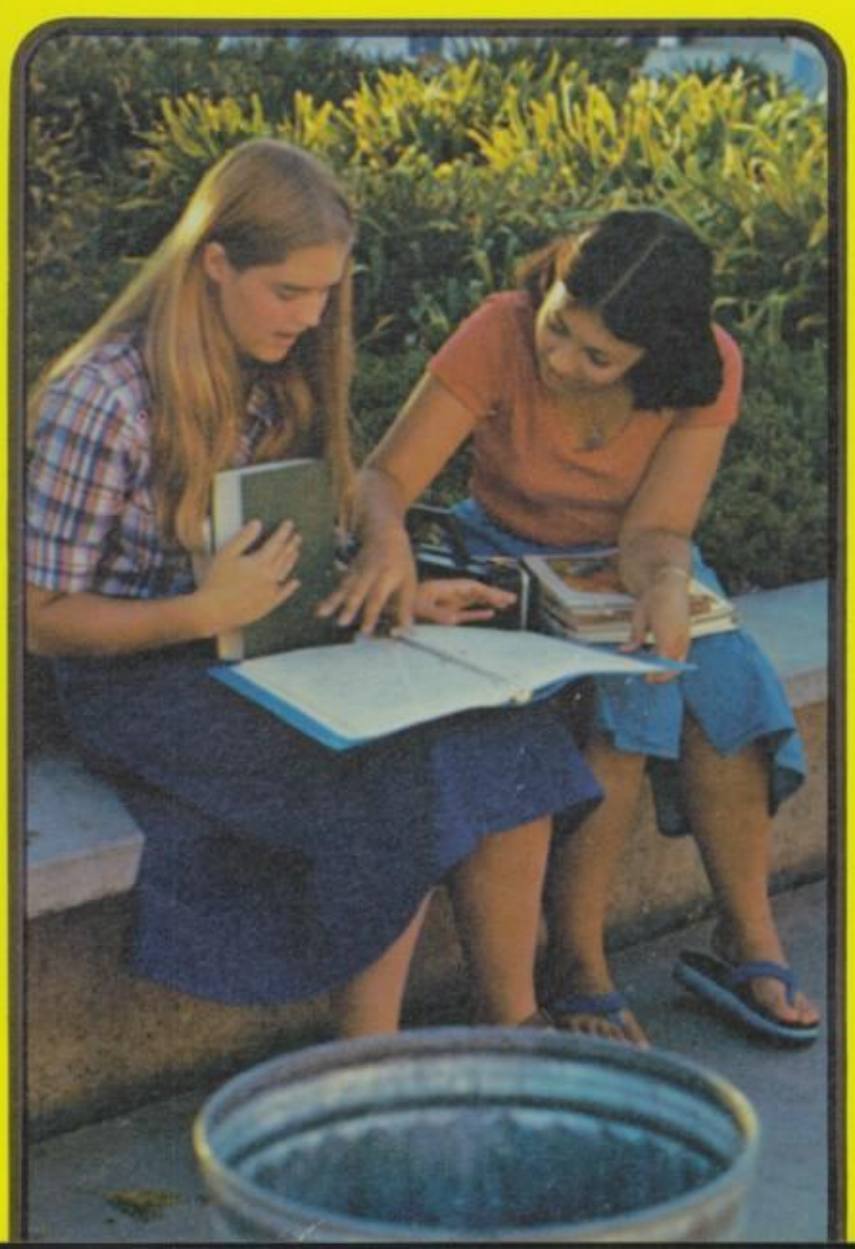
Don't look back,
A new day is breakin'
It's been too long
Since I felt this way

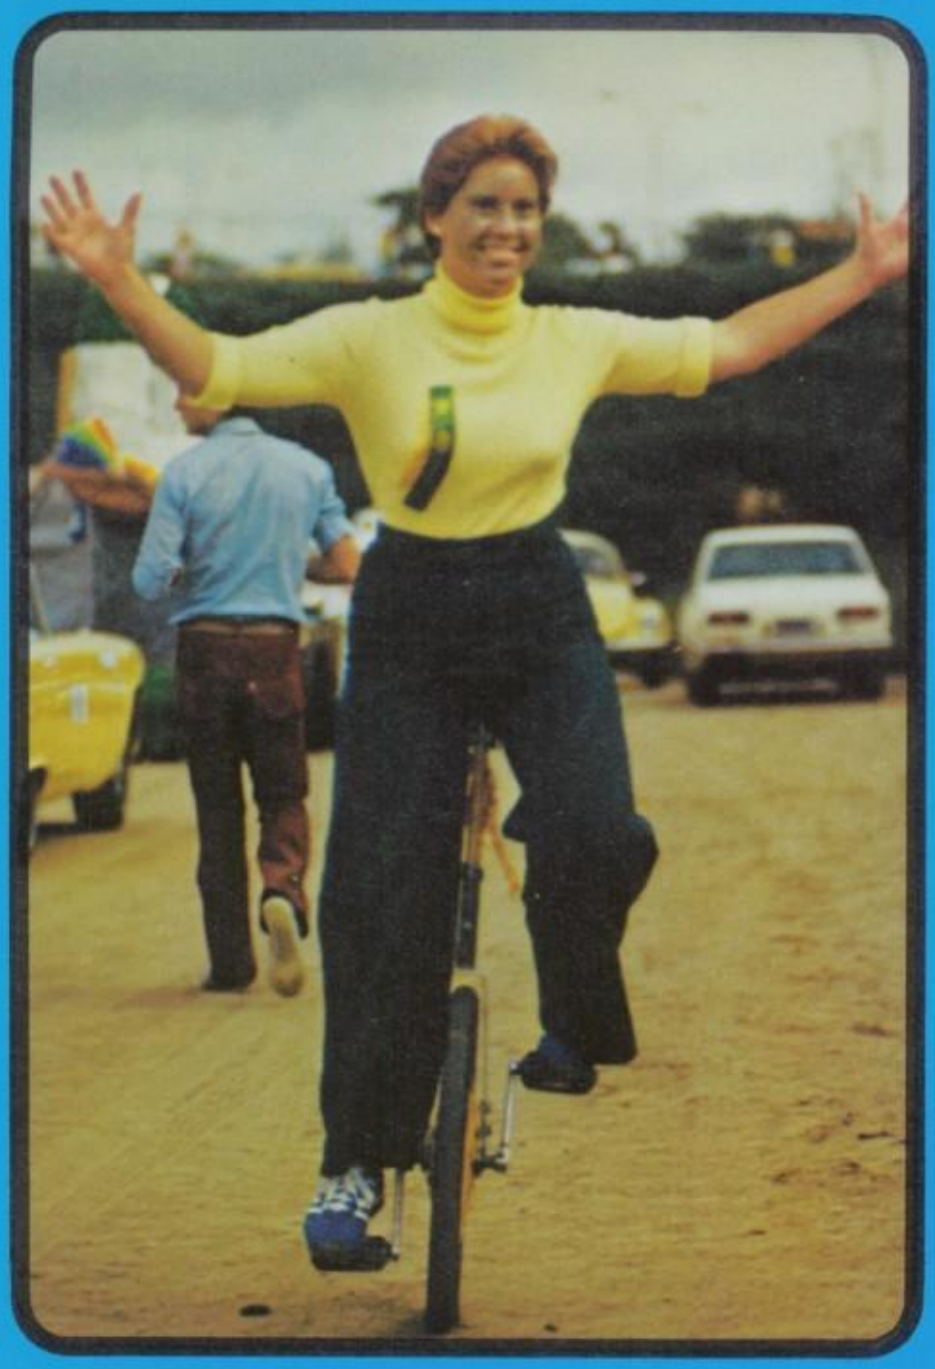




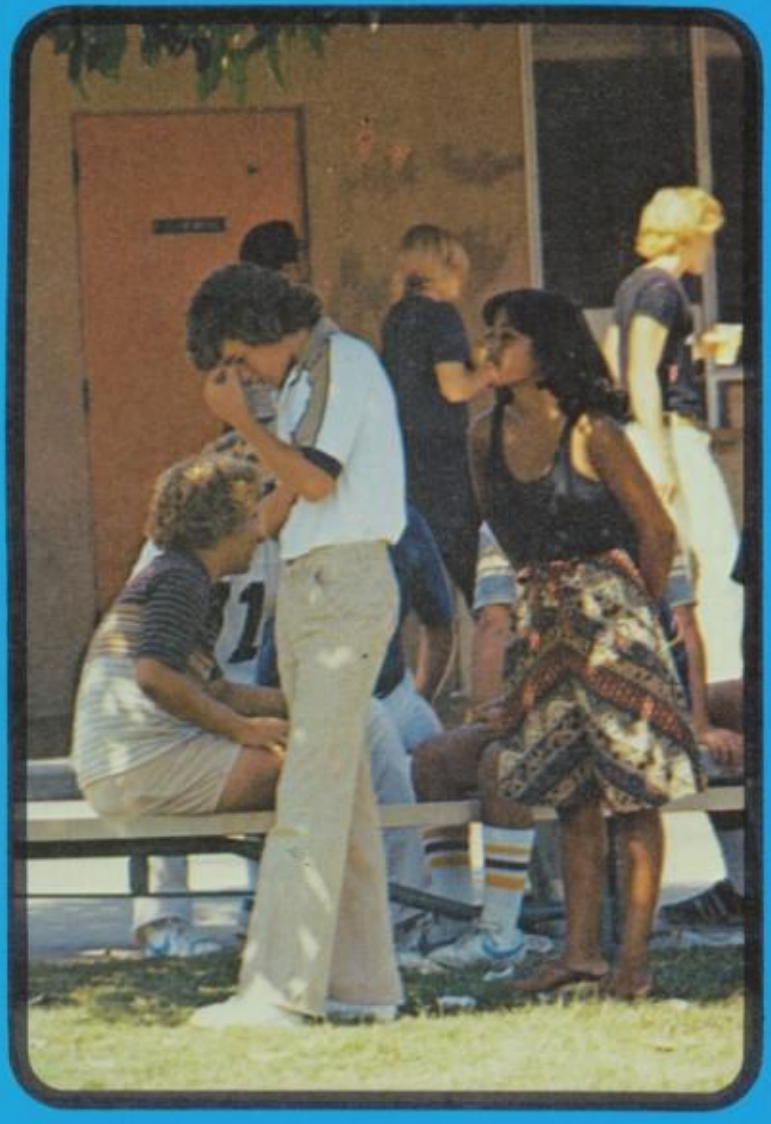


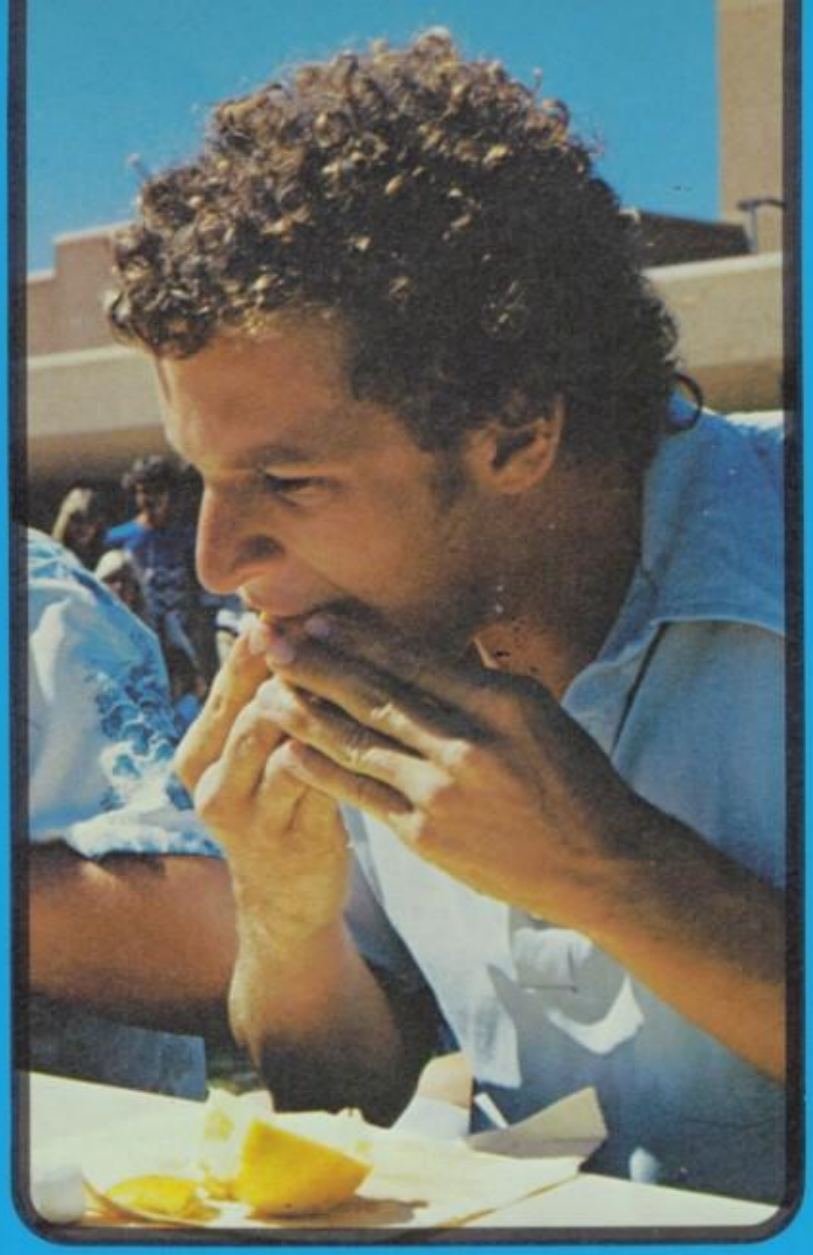
I don't mind
Where I get taken;
The Road is callin'
Today is the day.

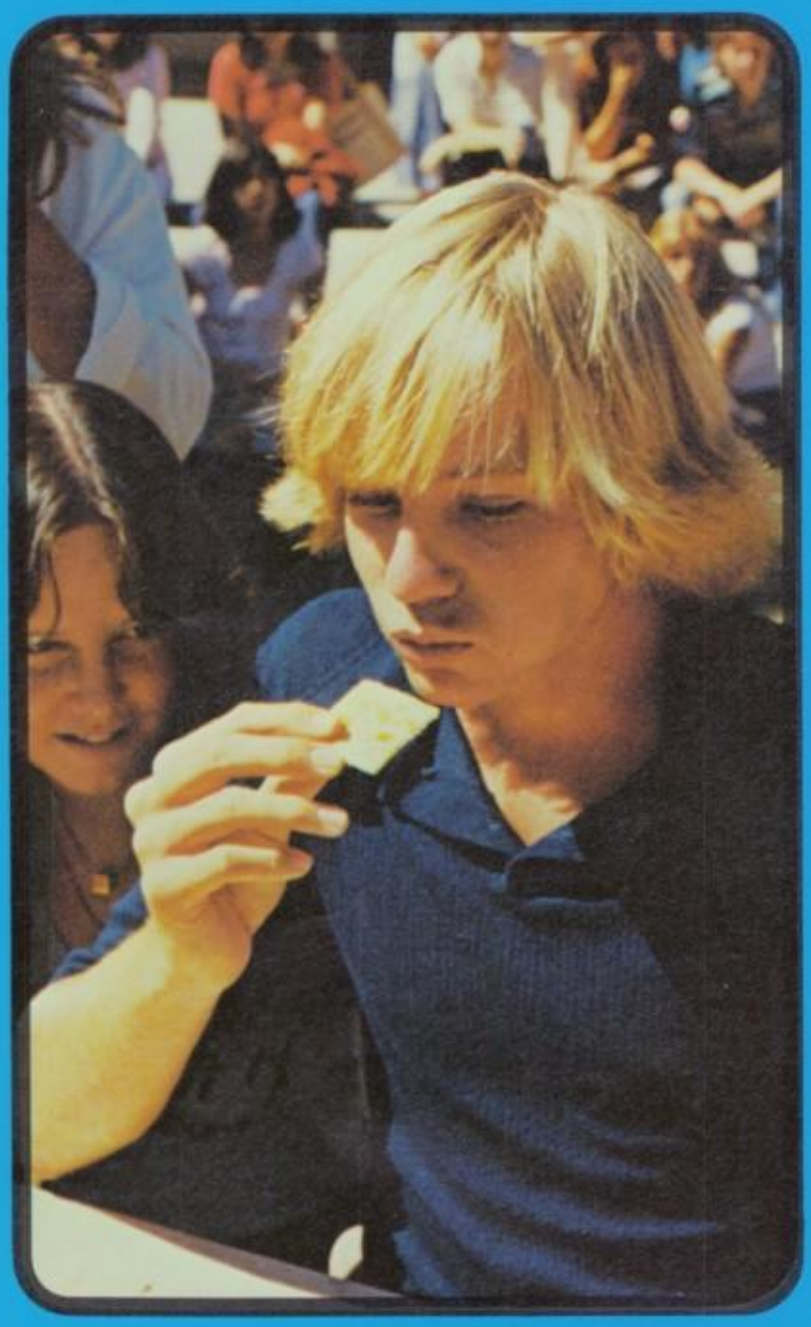




I can see
It took so long to realize
I'm much too strong
Not to compromise.



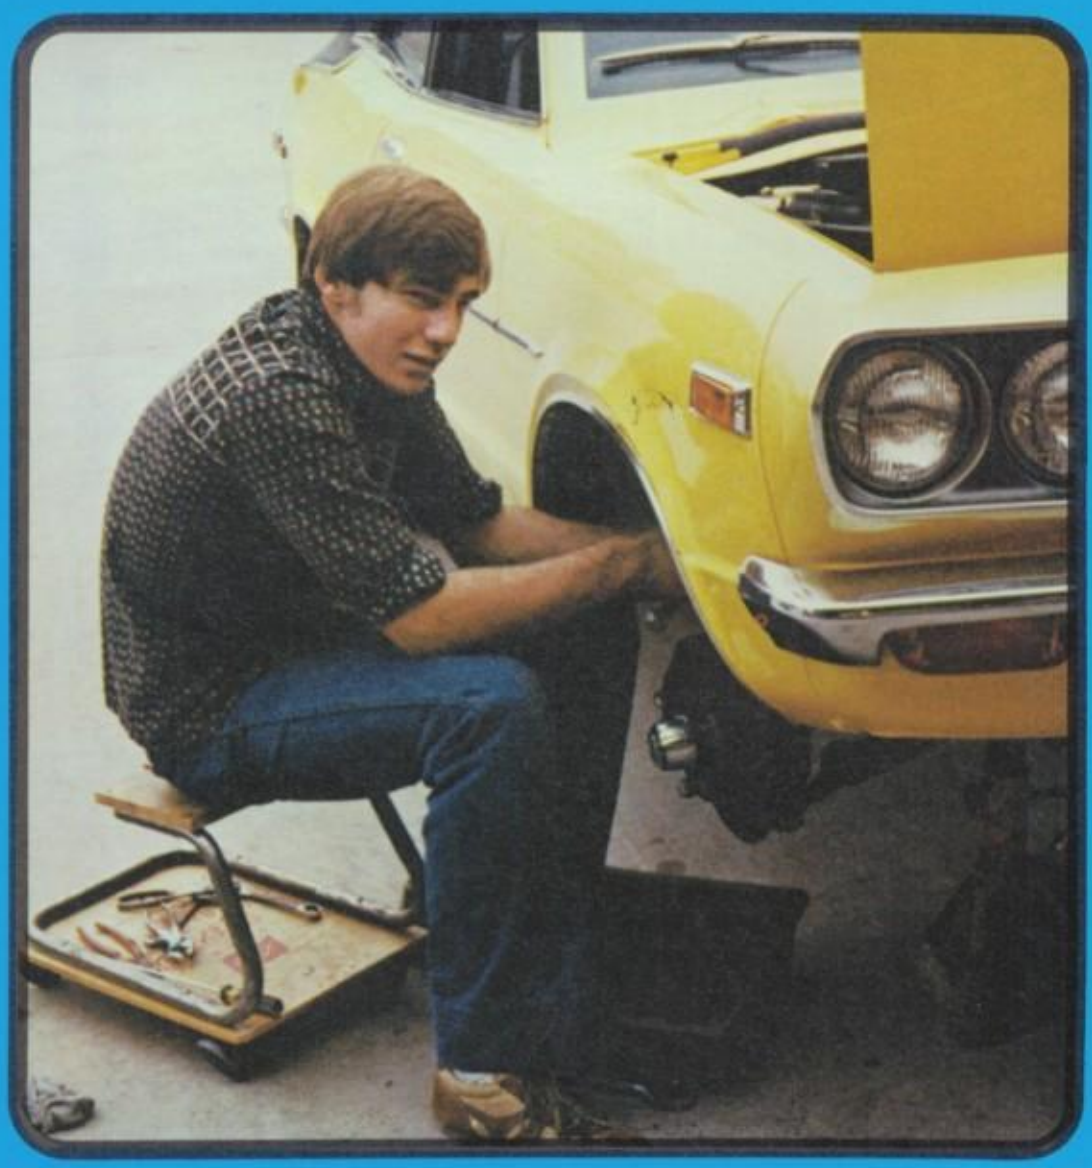




Now I see

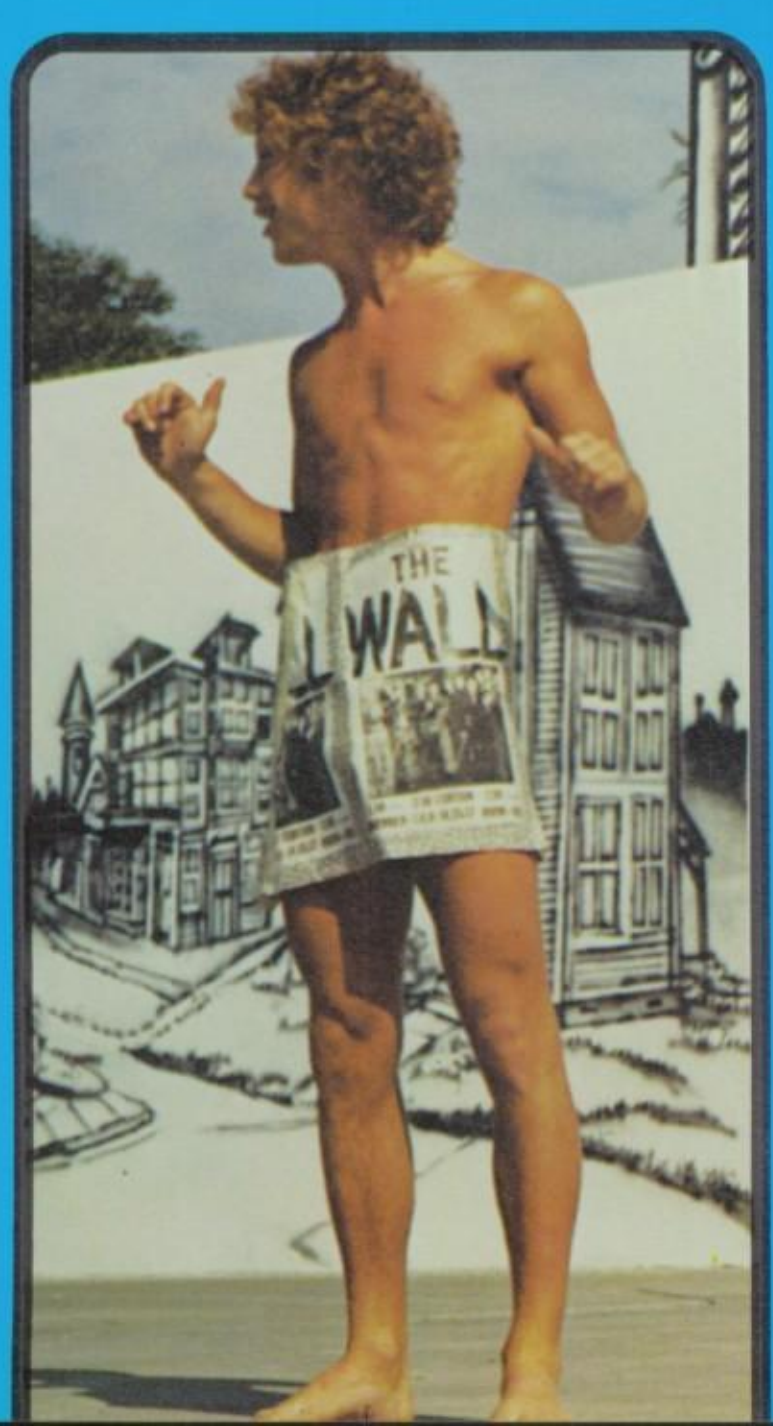
What I am is holding me down

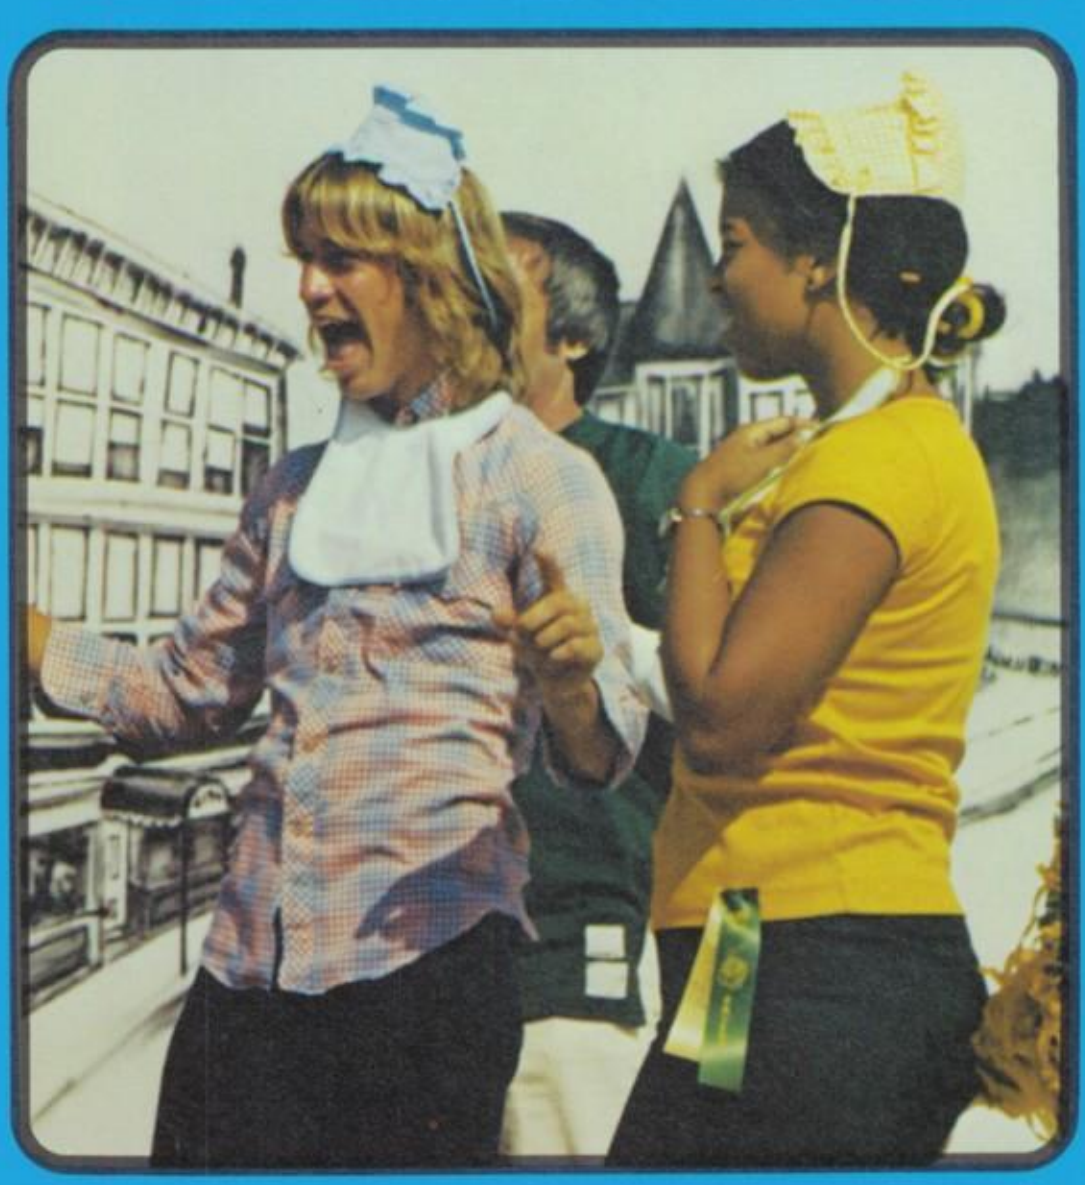
I'll turn it around.

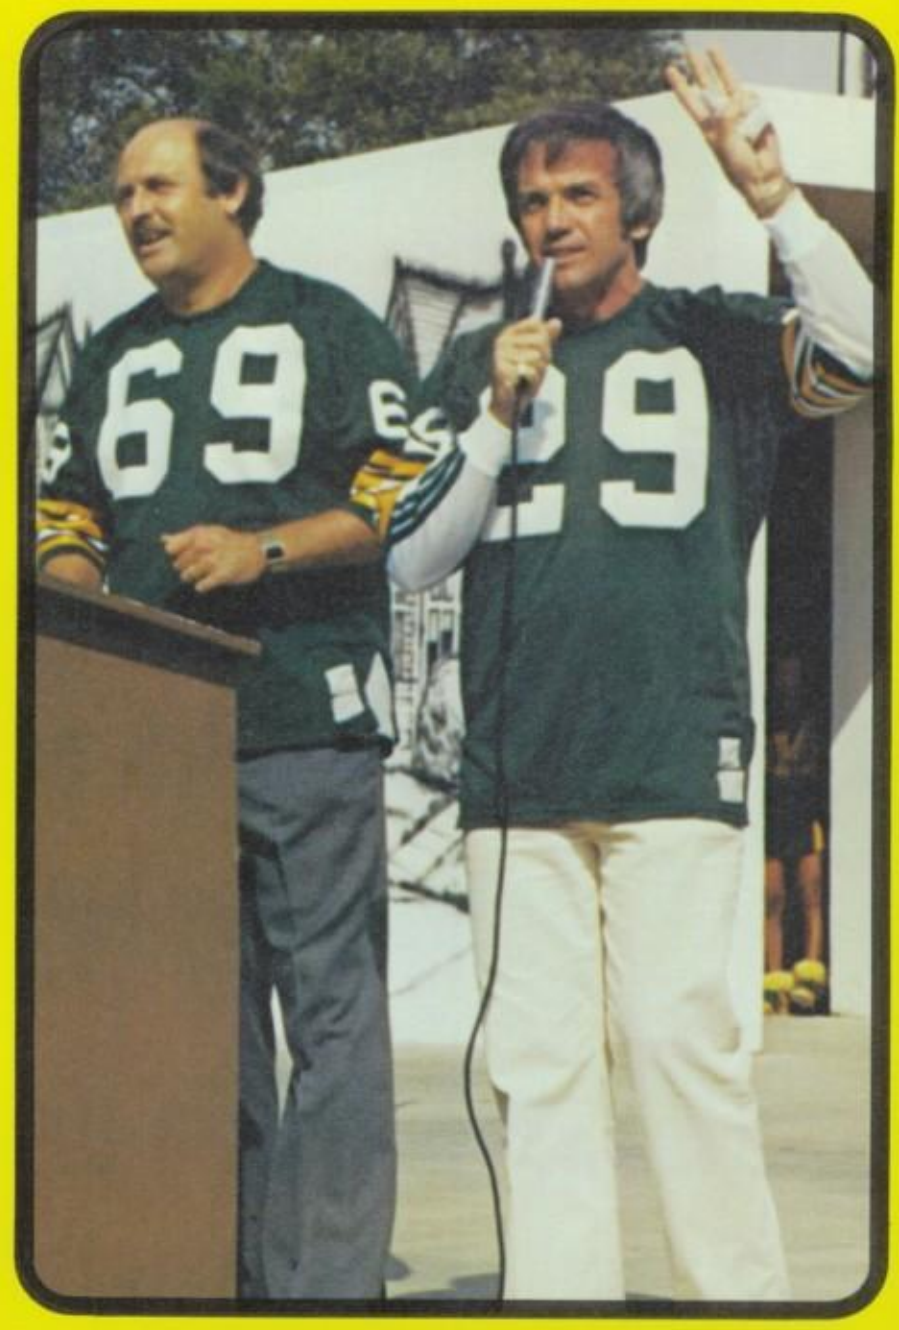


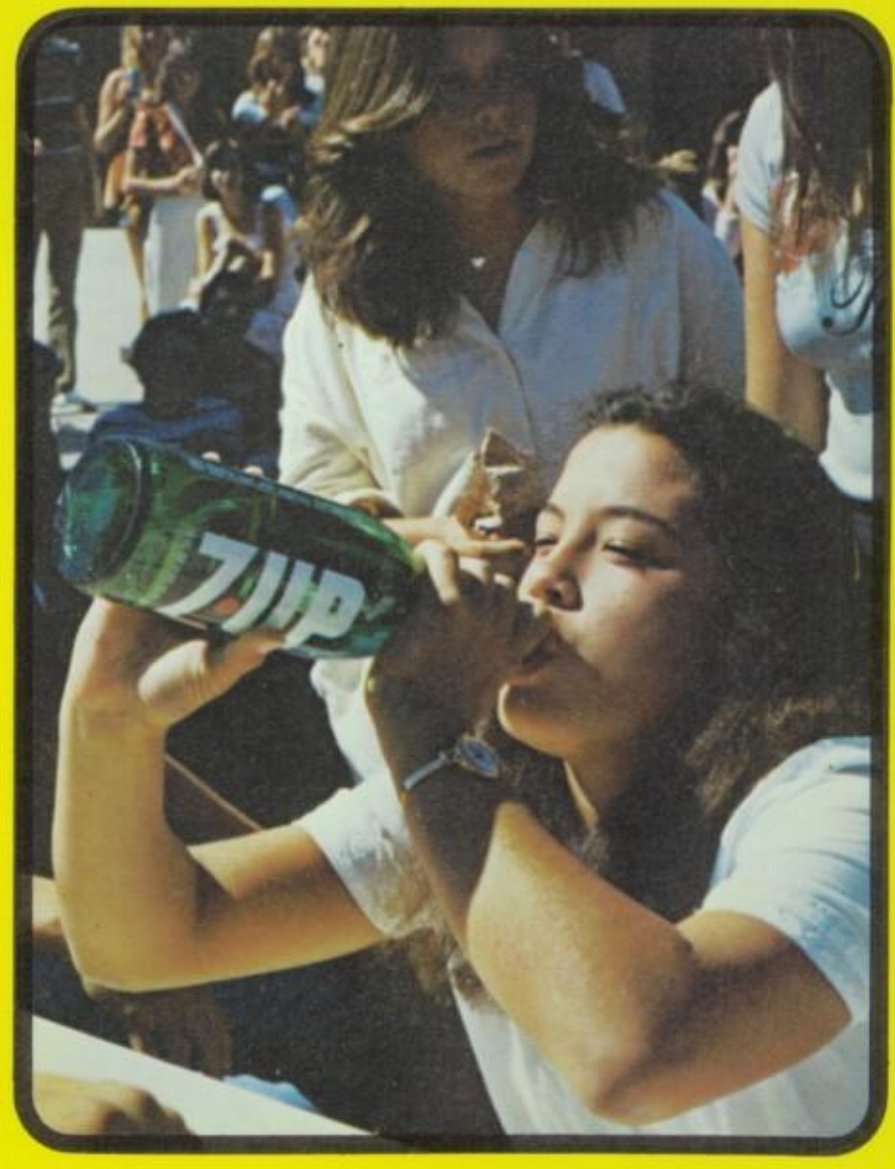
I finally see the dawn arrivin'
I see beyond the road I'm drivin'
Far away and left behind.

It's a new horizon
And I'm awakin' now.
Oh I can see myself
In a brand new way.









The sun is shinin'
The clouds are breakin'.
'Cause I can't lose now,
There's no game to play.

I can tell
There's no more time
Left to criticize.
I've seen what
I could not recognize.

This year was another great year for Patrick Henry's Girls Swim Team. We were honored in being coached by the best: Ms. Bowlin and Mrs. Rotcheck. Our many thanks go to Denise Bradshaw for her time and efforts. Through these efforts by our terrific coaching staff each girl worked at putting forth her best, and we were able to obtain our goals. During the season, close friendships and great memories grew; memories that will last a life time. Good luck to the future swimmers of Patrick Henry. Our thoughts are with you.

The serve

The Patriots had an overall league record of 12-2 well into the season. Although the team was laden with injuries, the intense drive and stamina kept them at the top of the standings. Inspired by Coach Shirley Peterson into a proud championship team, the Pats had high hopes of taking the C.I.F. title at this writing. Because there are only six team members on the court at one time, a tremendous amount of concentration and professional level teamwork was involved in each game. Our sincere thanks to Pete, we love you.

Once again, Henry's Badminton Team captured the Eastern League title; this year with a record of 13-1. Many thanks go to coaches Marilyn Hamilton, Toni Wood, and Kathy Wigdahl.

C.I.F. individuals proved to be very competitive for the team, but Raelynn MacDonald went on to win the singles section of the tournament. Tying for fifth place was singles player Karin Borjenson and doubles players Gail Miller and Laura Andrews. At press time, the Pats had won the C.I.F. team semi-finals, and were hoping to win the finals. Remember, Mrs. Hamilton, "Life savers even taste good stale."

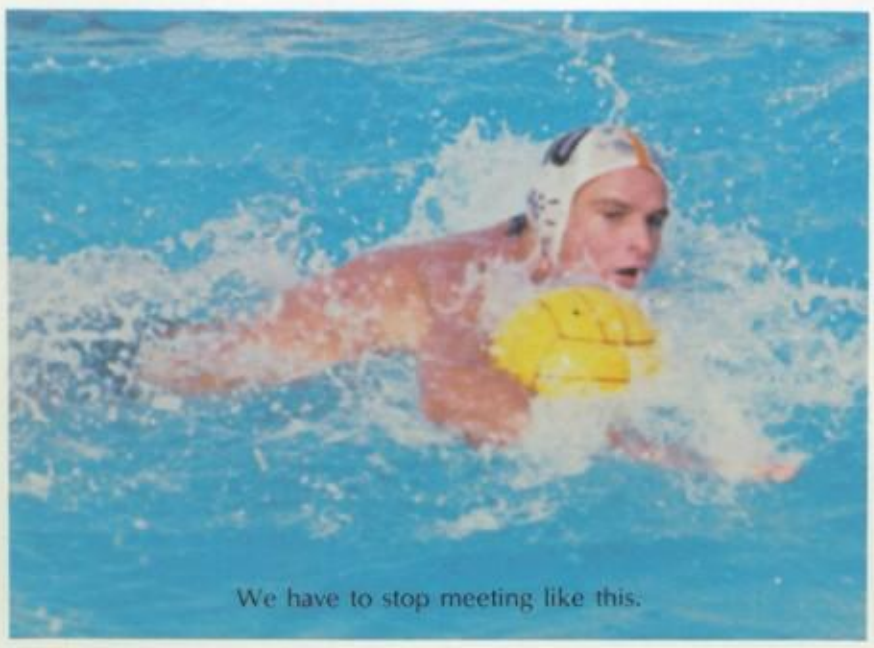
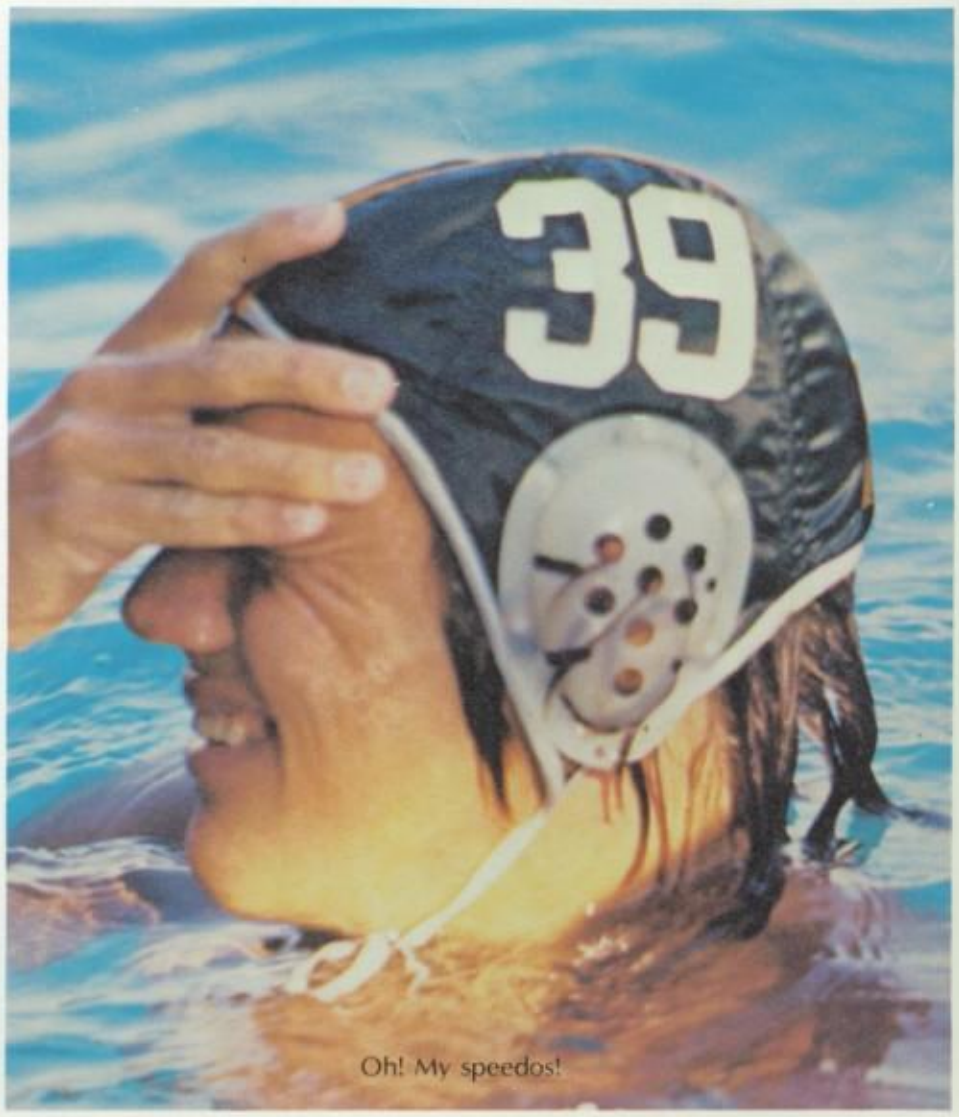
Water Polo—Does It Again!

Led by seniors Dave Comstock, Bob Kunce, and Todd Richmond to a 6-2 league record, the team was optimistic about becoming C.I.F. champions at press time. The varsity defeated the two top ranked teams, Coronado and Monte Vista to win the Monte Vista Tournament.

The junior varsity began the season with doubts of continuing because of the small amount of players. But they came through in good standings. Next year's returning varsity include Tom Brecht, Brian Ritacco, Bob Niethold and Tom Guest.



We have to stop meeting like this.



Oh! My speedos!

The Junior Varsity team started off slow, but after gaining experience showed its true power. As usual, the offense was very strong. Some of the leaders were Darryl Flaming, Tom Dobyns, and two excellent quarterbacks: David Schramm and Scott McKee. Having a lot to do with the 6-3 record was the defense led by linebackers Vice Dilloway and Bob Land, and when they got past the line they were backed up by D.B.s Tony Sharamitaro and Randall Shade. The Junior varsity's winning season was climaxed by its 16-14 victory over Kearny.

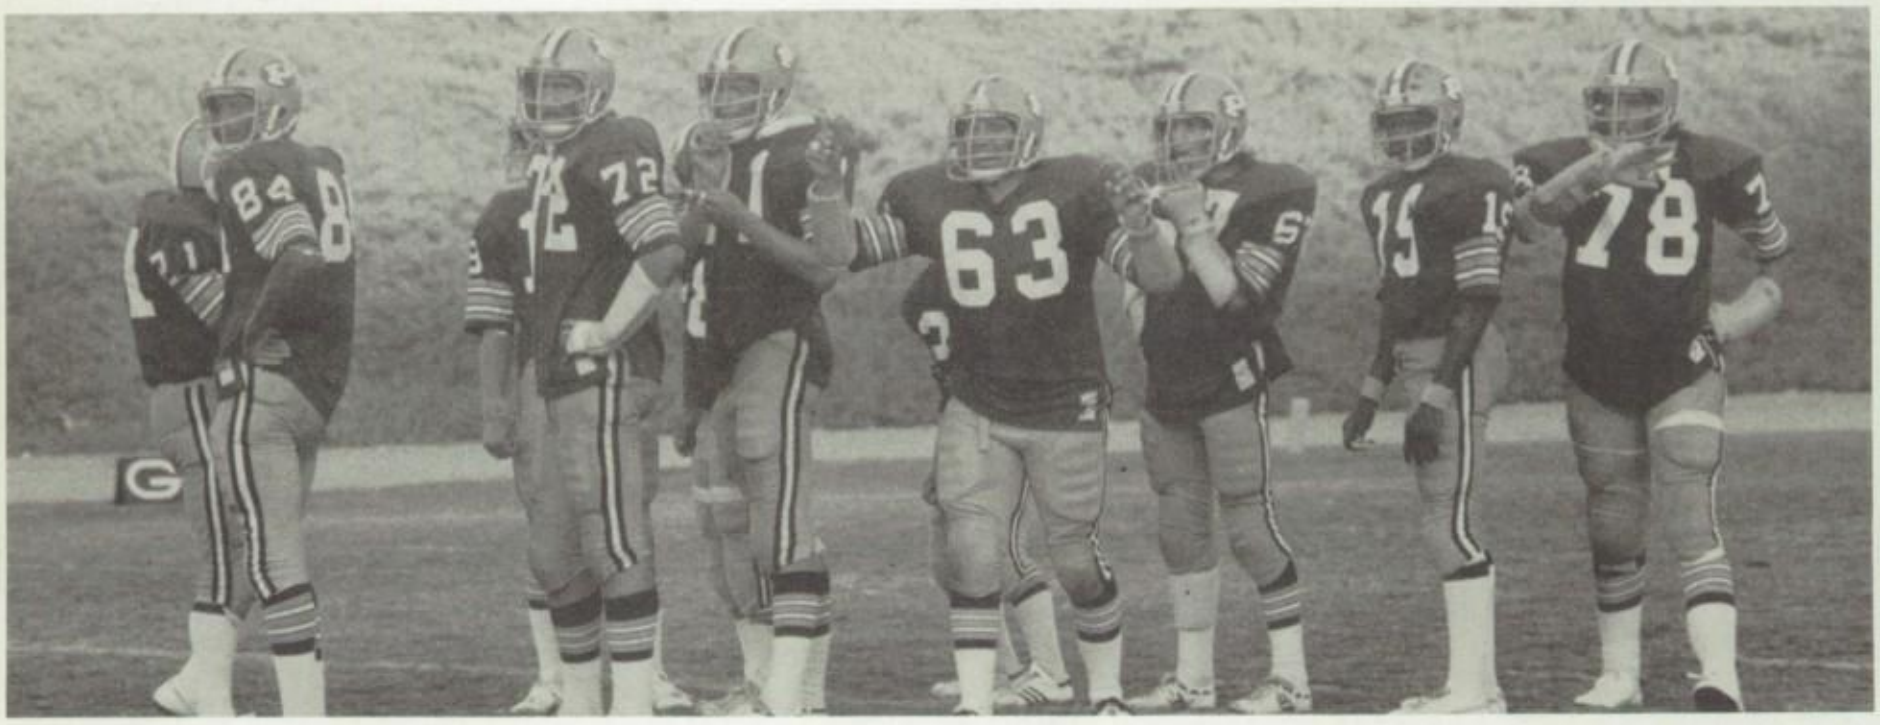
Offense

Despite early skepticism due to inexperience, lack of size and talent, the 1978 Patriot offense proved to be one of the best in the school's history. Balance was key to the Patriot successes during the season.

The rushing game, headed by Dan Naughton and Jeff Phillips, ranked among the toughest in the county. Complimenting the hard rushing, were several outstanding receivers ready to take to the air. Standouts Kipper Bell, Steve Kemp, Dean Armatige, and Matt White headed a group of gifted receivers. Also, a significant tool in the Patriot attack was sure footed kicker Brad Baughn.

Opening holes were seniors Kent Feldman and Talman. Fine lineman returning next year are juniors Greg Williams, Mike Scozzafava, Leroy Dailey, and tight end Ernie Wright. We wish the best of luck to the Patriots of 1979.

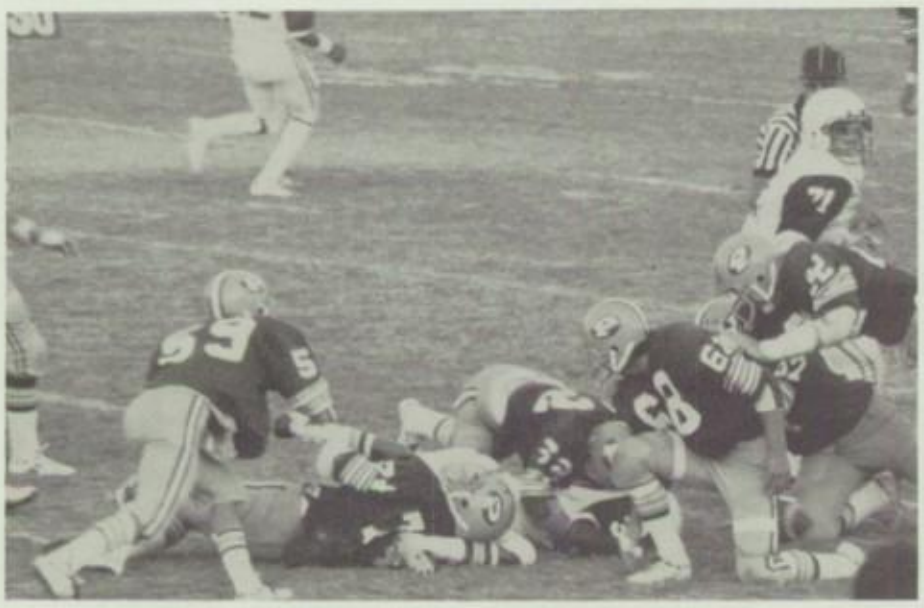
Brent Woods

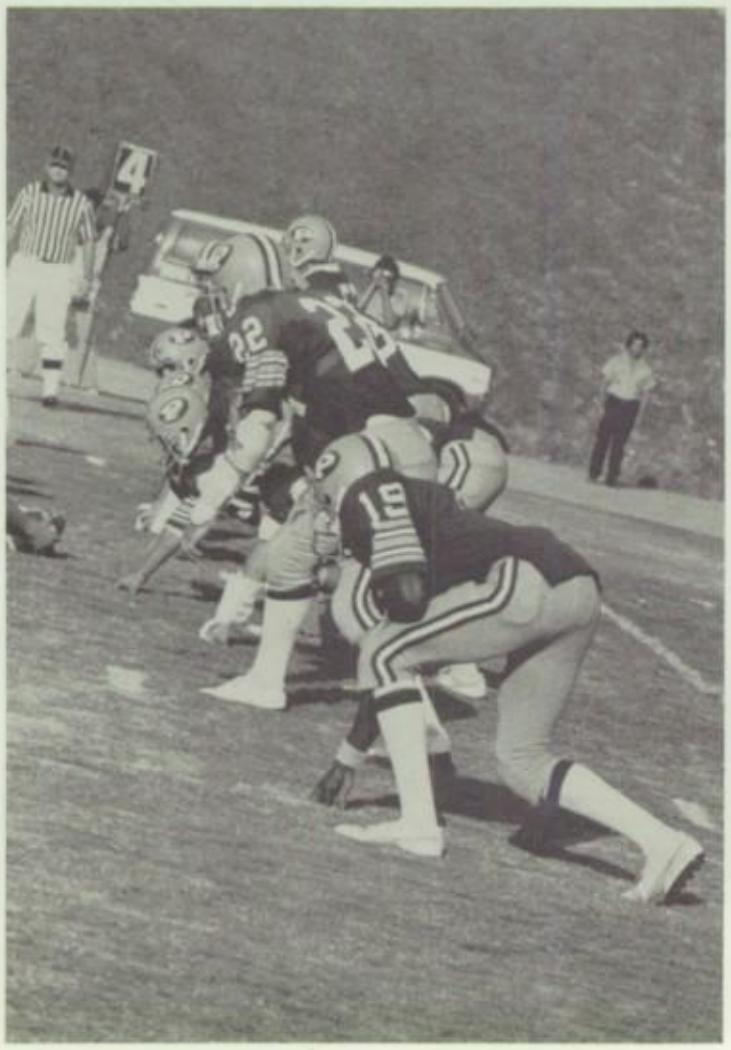


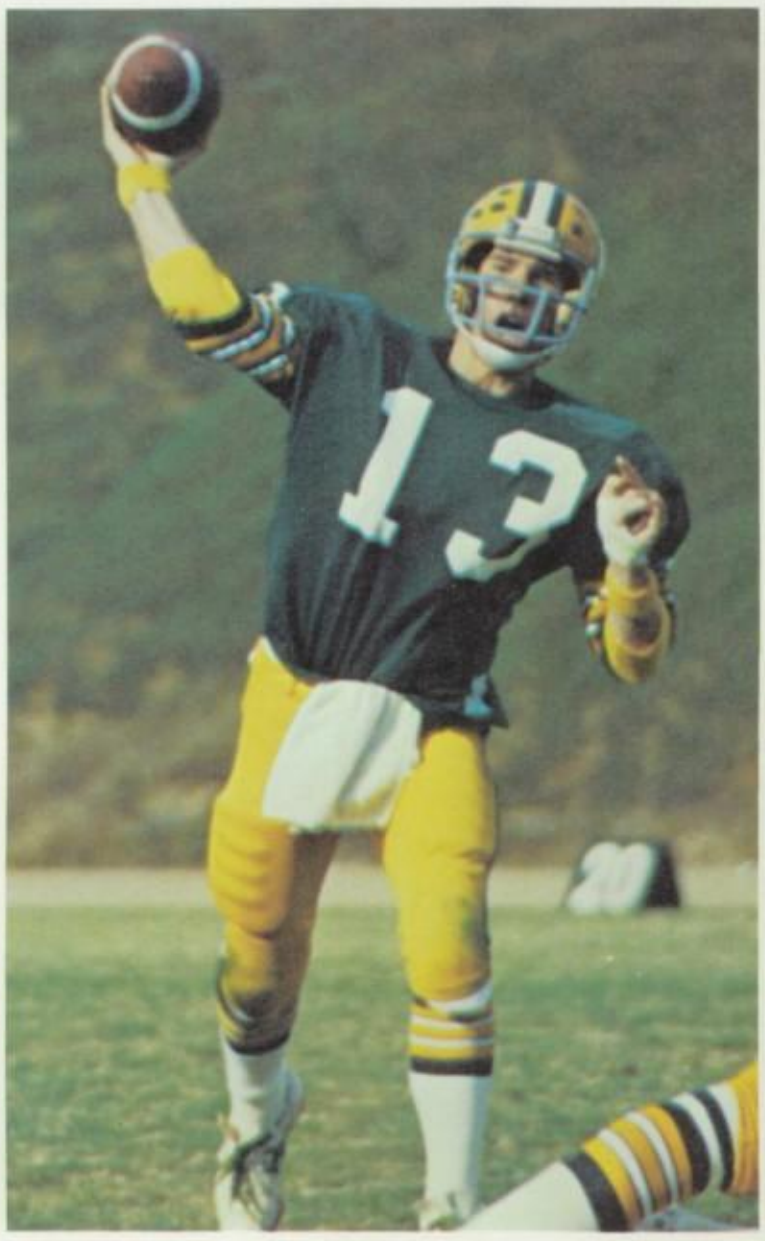
Defense

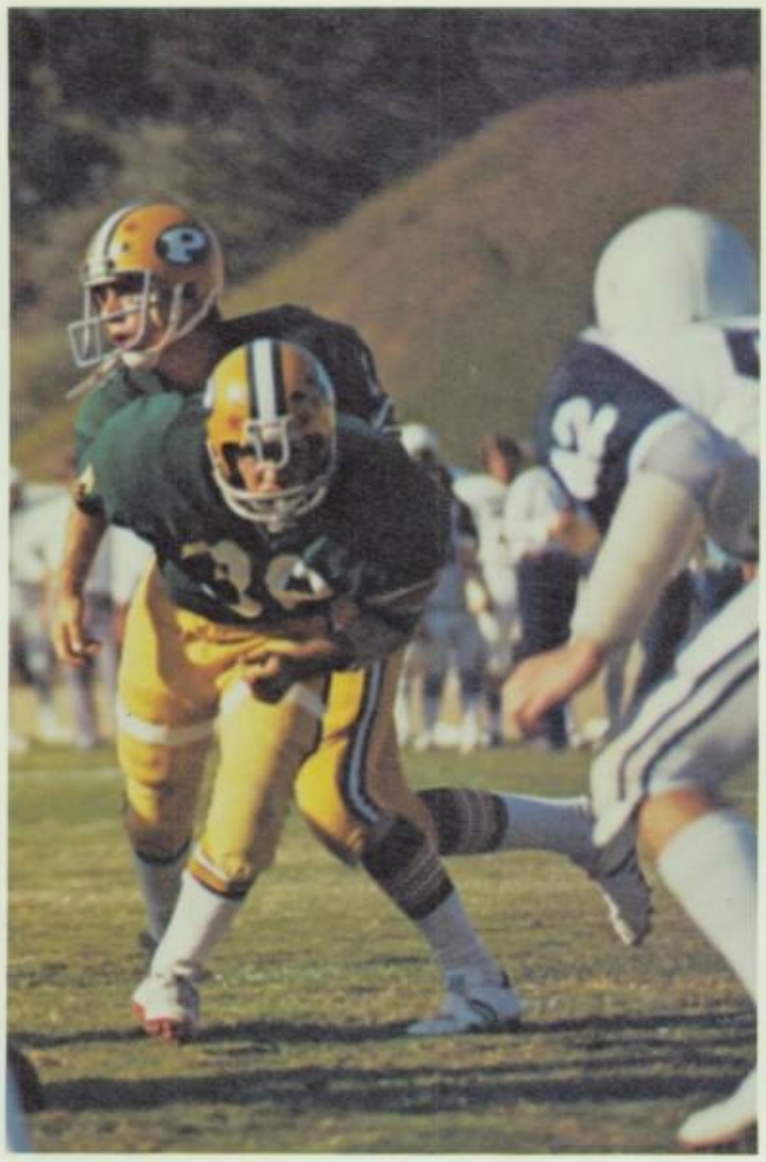
The Patriot Defense once again came through with a fine performance. What the defense lacked in size and experience, it more than made up for with quickness and determination. The first league loss to Morse was only a minor setback. Both the offense and the defense came back with a strong showing against Kearny to clinch a playoff berth. On the line were seniors Perry Shenas, Lee Goldberg, Dave Robinson and Terry Mowers. Closing the middle were Richard Castaneda and David Walker. Containing the outside were linebackers Jim Benson, Andy Callagher and junior Dean Brown. Few teams found it easy to pass on the fine backfield consisting of Terry Ramsett, Kipper Bell, Glenn Jones, Scott Dressler and John Lasiter. The Patriot Defense could not have been what it was without the fine coaching of Dave Libby, Doug Danniviek and Joe Kavacevich. From all the seniors of this year's team, thanks to the coaches and good luck to next year's team.

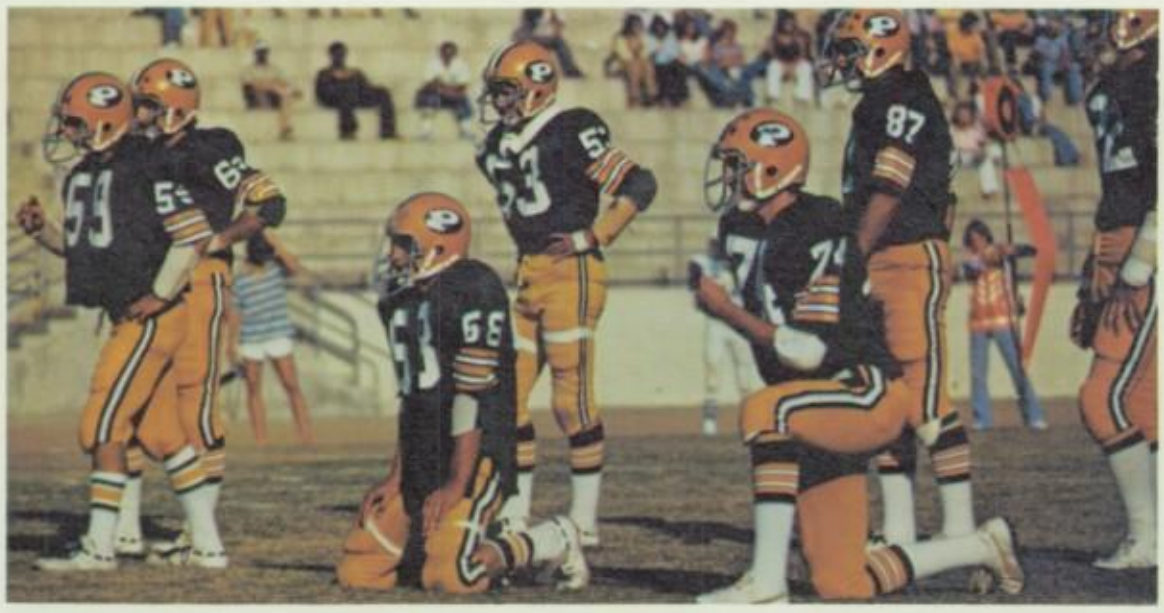
Terry Mowers.

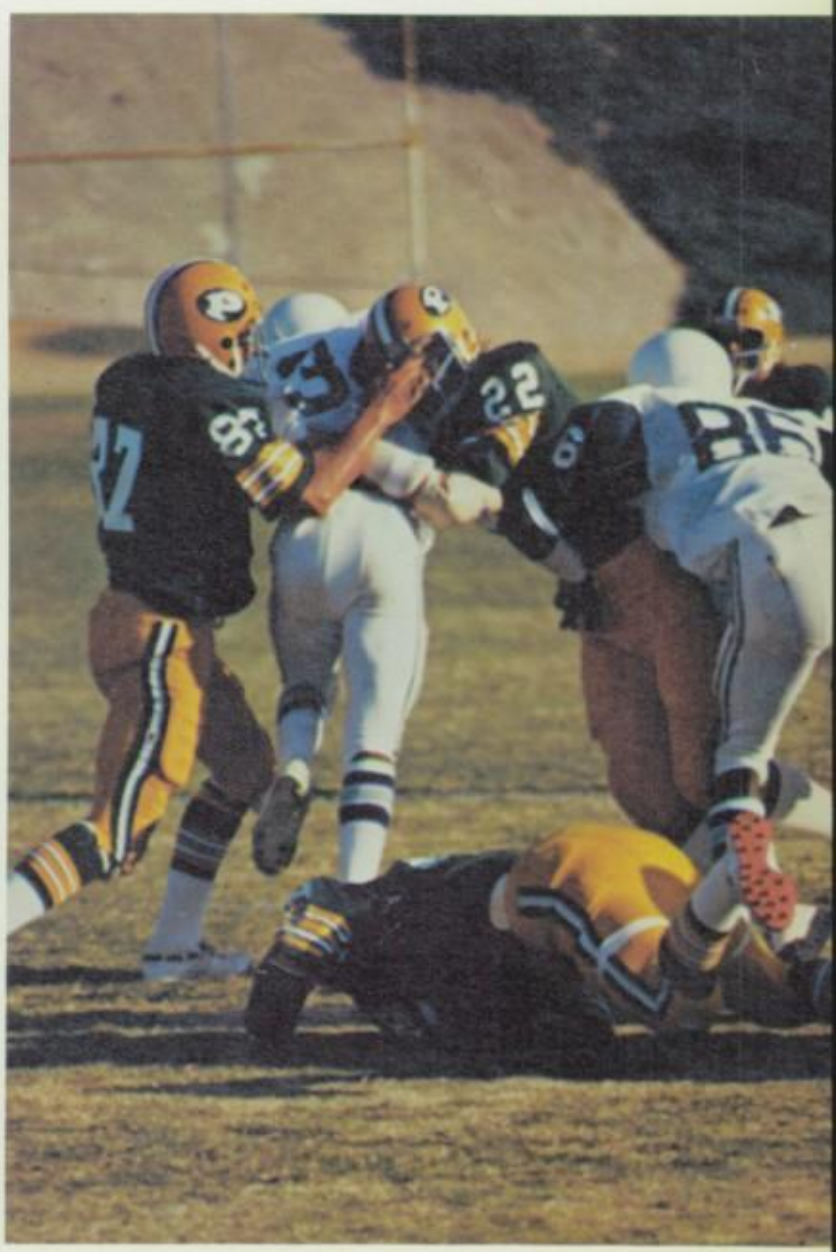




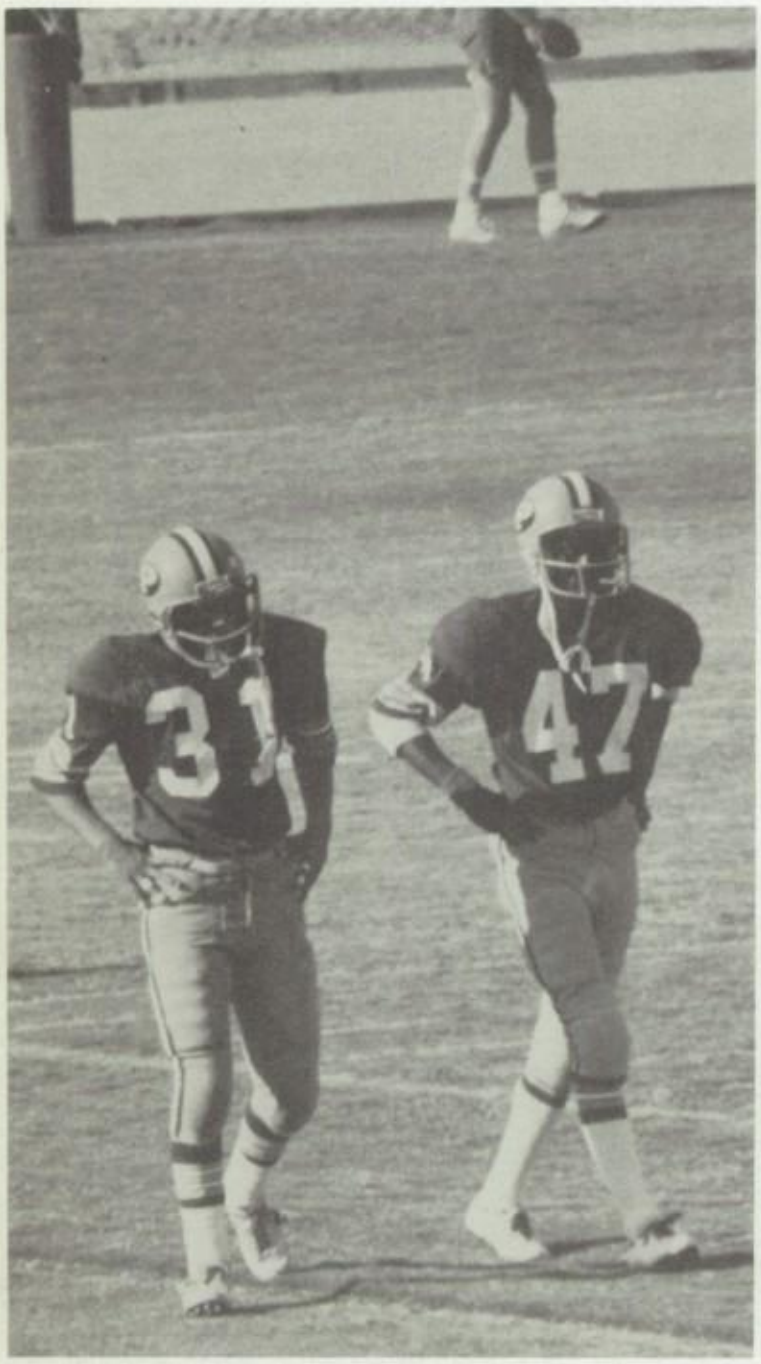


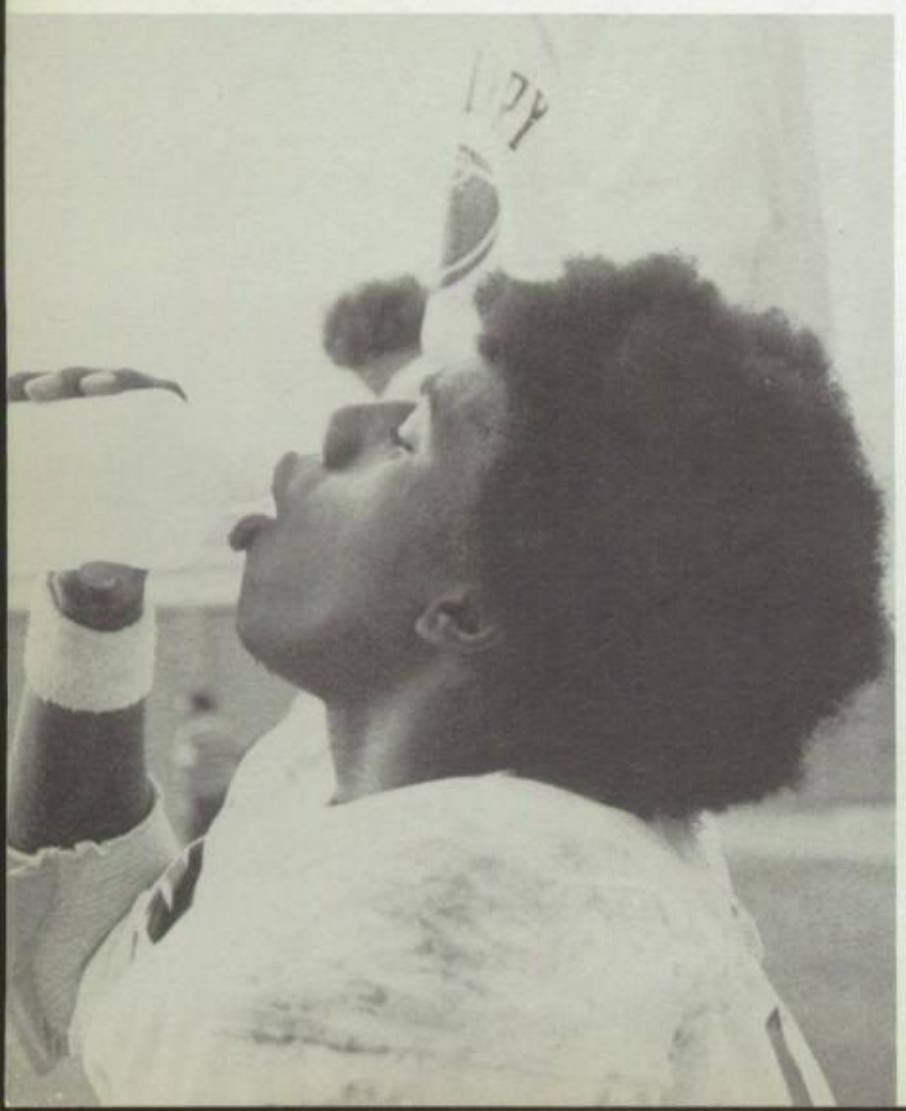


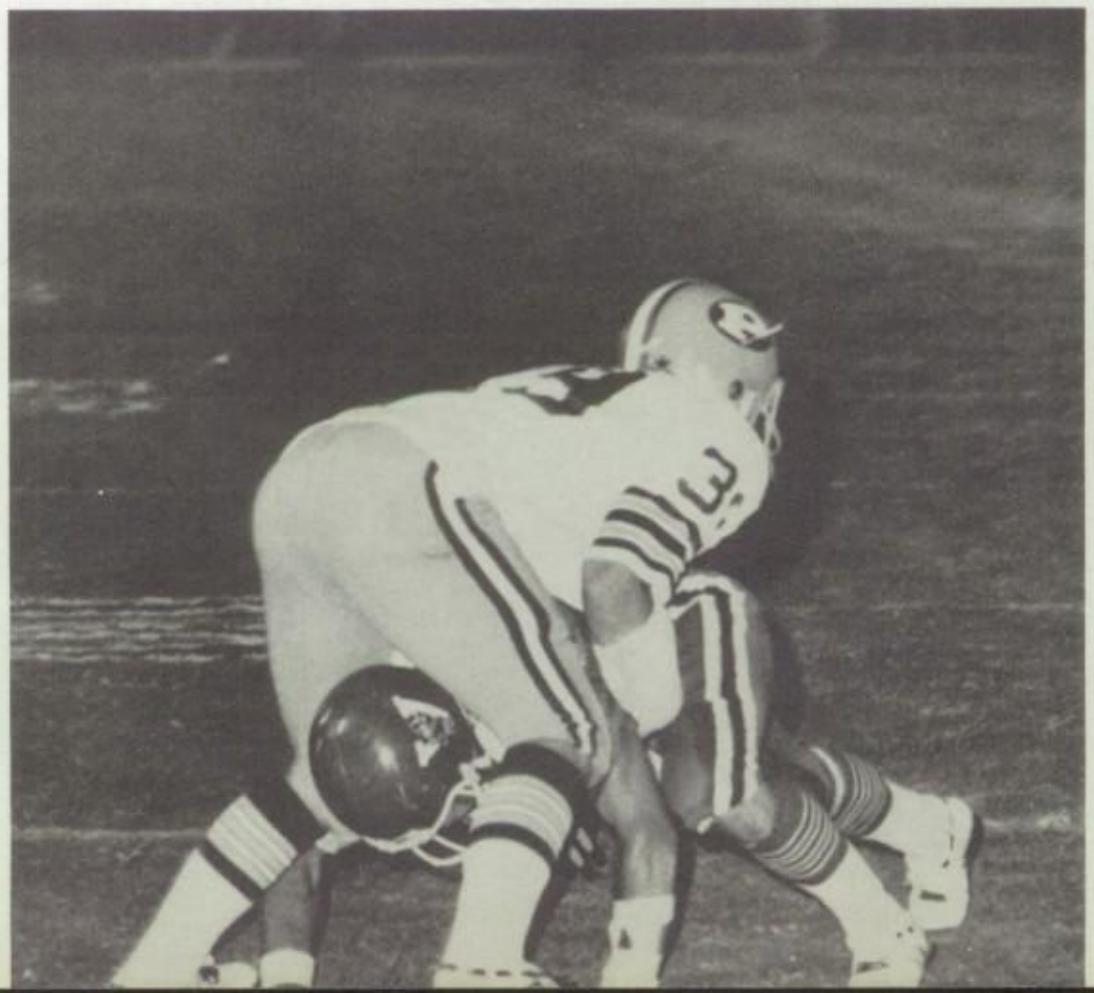




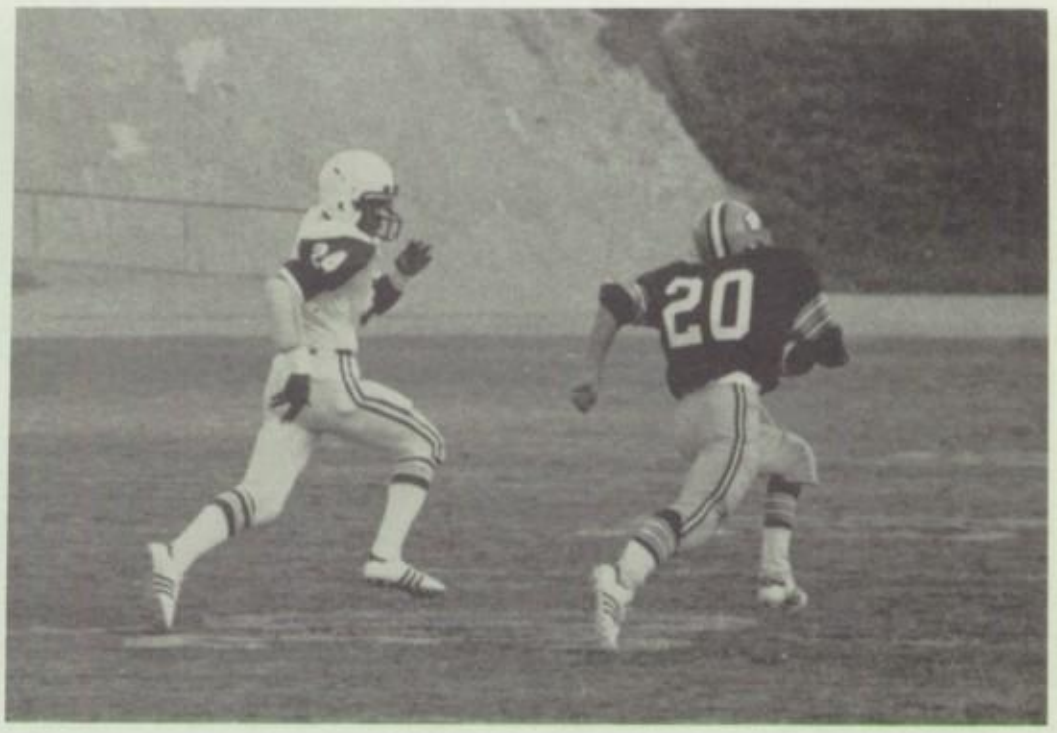
Hard Work And Determination, . . .

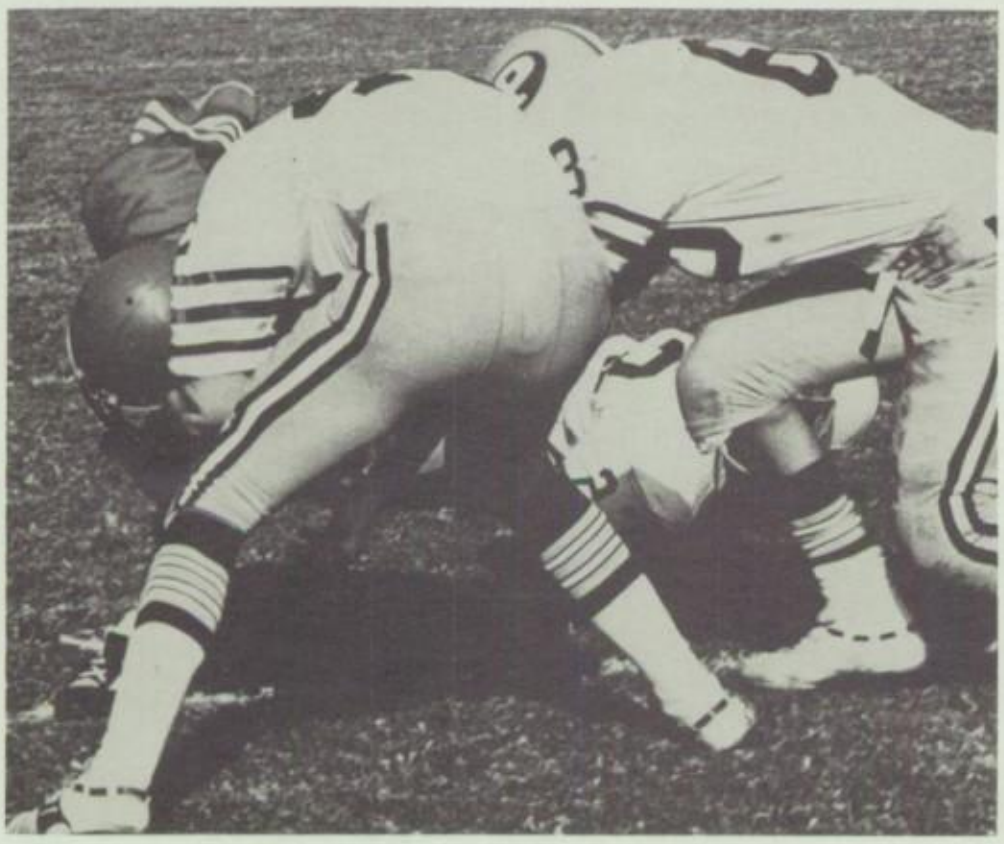


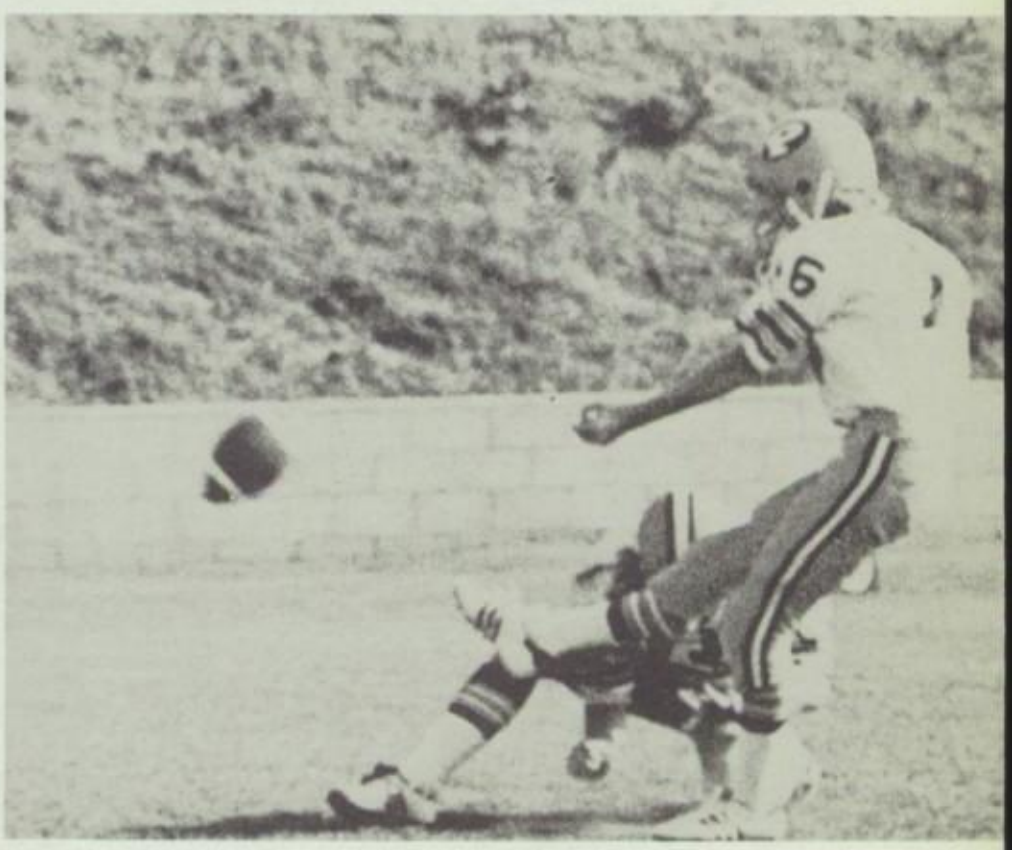




End In Victory!!!







1978 was to be a year of rebuilding. Many said the Patriots were too small and inexperienced to survive in the powerful Eastern League. The 1978 Patriots proved these critics wrong. Playing with poise and determination, the Patriots fought their way into the playoffs. Carrying on their winning tradition, the Patriots beat Mira Mesa 28-6, before losing to Escondido 16-7 in C.I.F. competition. Good luck to next years team.

The 1978-79 girls tennis team was a very young team. With about half of the team consisting of sophomores we were lacking a little in the experience department. The team placed fourth in the Eastern League. The top singles players were LeeAnn Standlee, Paula Breight, Sandra Braboy, and Catrine Bergstrom. Our top doubles players were Kim Castiglione and Cecilia Ekstedt, Andrea Carroll and Doris Hardy. Also, Catrine Bergstrom and Sandra Braboy teamed up together and won the Eastern League doubles title. Good luck to all the future tennis players at Patrick Henry some of which will be returning next year.

Country Cruisers

Led by the fine coaching of Elmer Runge the Cross-Country team had its best team since 1975. The Varsity team finished with a record of 8-1 and swept through league with a record of 7-0. The Junior Varsity was undefeated this year with an impressive 9-0 record. Never before has there been a team that possessed togetherness as did this one. Sure, there were the superstars that are present with any C.I.F. contender but performing as a unit was the way to win and win we did.

Seniors Chris Stamos and Len Pollak were the only two returning lettermen from last year's second place CIF team. Their leadership and experience helped the inexperienced players on this years team mold themselves into a respectable team. At the time of this writing the team was tied for second place and were improving with the goal of competing for one of the two CIF spots available for the City Conference. The team also defended the Tournament of Champions trophy won last year in Riverside over Easter Vacation. Good Performances by seniors Ron McMinn and Mike Winn coupled with first year varsity competition by juniors Bob Daniels and Homer Wong enabled the team to finish with a winning season.

This year, the 78-79 soccer team was on its way to becoming a contending team. They had excellent talent in all areas with Jose Jasso, Frank Flores, and Paul Nugent at forward positions, and Chris White, Luis Torres and Howard Schuchman at halfback positions. The defense was among the best in the league with fullbacks Mark "Fouley", John Guilliams, and Don Knott. Bruce Ellis did a fantastic job at sweeper and the goalie, Cory "snake" Casteel, proved to be a valuable asset to the team. With these talented individuals next year's varsity team should be very strong.

The 1978-79 Patriot basketball team did not make the playoffs despite having one of the best records in the county. Regular season opening losses to Morse in overtime, 50-49, and Kearny, 48-46, deprived the Patriots of a playoff birth. Led by All-League candidates, Sophomore Steve Brown, Seniors Eddie Bryant and Don Fryer, the Patriots fought their way to a 20-7 record. Winning the Santana tournament in the preseason, the Patriots defeated Serra, Grossmont, and Mt. Carmel, winning the championship game 83-65. Don Fryer won the tournament's Most Valuable Player Award. Starters Kevin Hickey and Greg Meier made important contributions to the team's winning ways. Vic Jackson and Brian Webb were pleasant surprises for the Patriots this year and returning lettermen Mike Fazekas, Mike Peterson, Jerry Scalf, Kevin Smith, and Ernie Wright will help keep the winning tradition at Patrick Henry intact for the 1979-80 basketball season.

The Patrick Henry J.V. basketball team was tough. The team, led by Sean Doyle and Tom Dobyns, had a season record of 15-8. They lost key games to Morse and Kearny that with a break here or there the fighting Pats could of won.

Coach Walt Baranski's famous one liner for the entire season was, "I just can't figure you hummers out." This statement is quite true. The J.V. had a knack of falling behind in the beginning and later totally blowing out their opponent. The nickname for this year's J.V. was "The Crowdpleasers" for those few but loyal fans. This group will make up a strong class of '81. Look out Eastern League.

This year's wrestling team accomplished more under Coach Thompson and Coach Handel than any other wrestling team since 1973. This year's success centered around such varsity wrestlers as Barton Hancock, Mike Mahoney, Tim Ryan, David Robinson, Dean Brown, David Talman, and David Truesdale. After placing first in Eastern League the team was looking forward to placing in the top five in C.I.F. The team was lead by captains Tim Ryan, David Talman, and David Truesdale.

Sweet Swingers

The 1979 girls JV softball team finished the season undefeated in league play, with a record of 14-0. The pitchers of the team were Lily Aragon and Lori Neff, both of them pitching at least one shut-out. The infield consisted of: Suzi Harlow, Jeanie Byrd, Jill Kellogg and Trina Olson. The Patriots owe their successful season to the coaching of Karen Andrews.

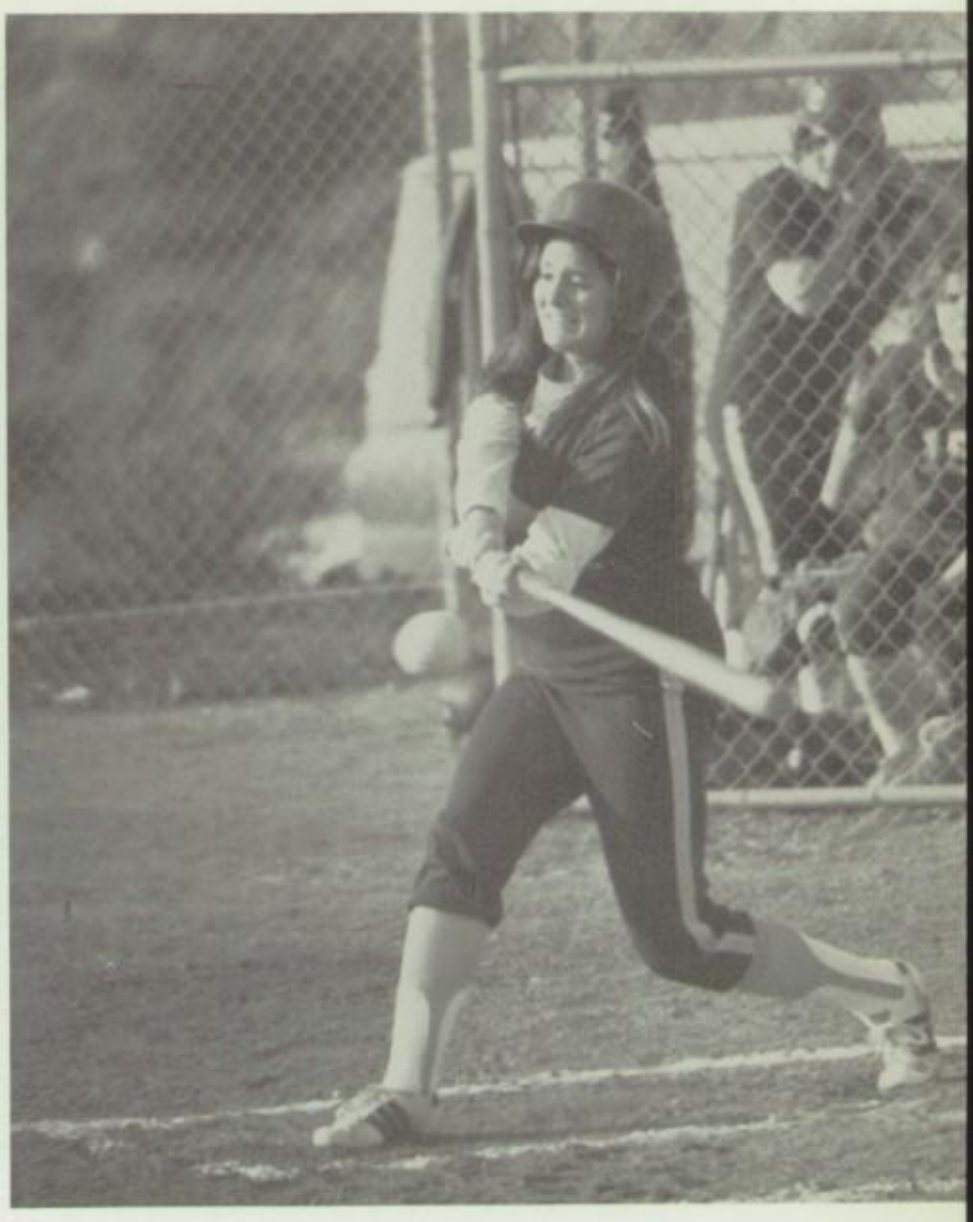
Pam Stone cranks it out.



Once again the Patriots proved strong as we went into CIF playoffs with a 19-1 record. Led by All-County seniors Pam Stone & Patty Mackey, the powerhouse Pats brought home a 3rd place finish. We also put five girls on both the All-County & All-League teams. As a group we did everything from TPing to kidnapping, all of which helped us to play as a solid team. The loss of Karen Friedrichs—a friend as well as coach—was a problem, but stand-by coach & part-time father Nello Pierozzi stepped in to do a super job. Highlights included Pam Stone's back-to-back no-hitters (one a perfect game), and Patty Mackey & Lisa Pierozzi both ended their 3rd seasons over .400. Jr. Barb Young and Soph. Kirk Cummings hit consistent home runs, Cheryl Smith added with her strong defense. Thanx Fried for being a part of us for 3 yrs. of super softball memories!

Shooting Stars

The 1978-79 Girls basketball team had all the talent to become true champions. With a pre-season record of 6-0, the Patriots continued to out score and outplay their opponents. Individually, the team possesed more depth and talent than in past years. Everyone contributed to the team's winning ways. Janet Ruetten repeatedly put the ball through the hoop, while hustling on the boards more and improving her passing. Pat Adams continued to frustrate opponents by stealing the ball, playing super defense, and scoring points. Voncile Long terrified the opposition with her all-around strength of shooting, passsing, and rebounding. Sandra Braboy dribbled her way through the opposition, making many pin-point passes along with her ability to score. With the addition of six foot two sophomore Kirsten Cummings, the team had the height necessary to produce a winner. Carla Balancier continued her overall balanced play, while Lisa Chiles amazed everyone with her unusual shots. Karen Heckman's height and improving skills were also impressive. The overall result was a team of champions.

The 1979 Patriot baseball team was once again a powerhouse in Eastern League. The Patriots were led by strong batting and fielding. Among the standout players were Sid Smith and Dennis Richardson. Junior Chris Cannizzaro and Senior Tony Roark covered the middle of the infield while Andy Gallagher and Kevin Hickey strangled the corner. The pitching was led by Dean Armitage and John Gonsalves, with back-ups Pat Sullivan and Steve Plesser. Thanks to the Great coaching of Bob Imlay our team should make it all the way.

The 1979 Patriot Track team proved to be one of the most competitive teams in the county. Led in the sprints by two-time State Meet qualifier Kipperr Bell, the Pats had virtually an unbeatable sprint team. Seniors Mike Pope, Craig Sanford, and sophomore Steve Brown contributed greatly to the Patriots middle distance races. Over hurdles, Ted Johnson and Simmie Braxton showed great improvement and were extremely tough in dual meets. 1978 C.I.F. point getter Tom Hamilton retained his form in the discus and the shot put. Much thanks to head coach Elmer Runge, who devoted much of his time and effort to the distance runners, to Dave Libbey, who coached sprints, and Coach Joe Kovacevich, who presided over field events. A special thanks to Janet Lowry for putting together an excellent girls team. Top girl competitors were Jackie Pease, Cheryl Johnson, Nell Griffith, Barbara Young, Kim Stempien, and Lisa Gross. Good luck to the 1980 Track team. SGK

The Patriot Swim team starts it's '79 season headed by Coach Phillips. This year's team is very young but has a great future. The team hopes to go 3-3 in League dual meets. The Patriot Varsity is led by Tom Brecht, team captain; League Champion and CIF finalist Ricky Schumacker and Rod Johnson. Good luck next year. They have a good chance to go to CIF with some of the qualifying swimmers.

Under the coaching of Benji Robbins, the 78-79 tennis team should be a top contender in the Eastern League. Through the first half of the season the team has compiled a 5-0 league record. The team should be equally successful in the second half of the season.

Jerry Jaffee, one of the top players in the county, leads the team. He is followed by outstanding players John Howard and Jamie West. Returning lettermen are David Caplan, Kevin Davee, Glenn Carlson, and Scott Holliday. Excellent first year players are Ron Schumacher, Bill McClain, Bob Bradford and Simon Timms.

It's tough being near-sighted.

This years field hockey team had an outstanding year in the Eastern League. The team started the season a little slow but then put it together with a record of 11 wins and 2 losses in the halfway mark of the season. With significant performances by seniors Terri Thompson, Dawn Evans, and Laura Ingles, the team held out very well. Next years team will be aided with returning varsity players, Alexa Colgrove, Mary Gorman and Michelle Sherer. Also returning from J.V. were two superior players Carol Wise and Susan Dissinger.

1978-1979 Senior Cabinet

When the class of 1979 entered Patrick Henry as spirited sophomores, high school loomed above them, with a challenge to forge ahead. Knocking precedents aside, this class came a long way to show themselves as super seniors. Throughout the three years at P.H. the class had many spirited accomplishments. Using originality and creativity in their float themes, they won the Homecoming trophy three years in a row. From snow cones to paper drives, the class made the most money in the school's history. The last year for the class of '79, held many outstanding memories including Homecoming, Winter Dance, Senior Prom, Grad Night, and graduation activities. May you look back upon your years at Patrick Henry with fond memories of your experiences and growth.

Ageless and

Once again, the Grand Ballroom of the U.S. Grant Hotel provided us with a lovely setting for the annual Winter Dance. Music by Lightnin' highlighted the evening, and a special instrumental rendition of our theme, "Ageless and Evergreen" added the final touch.

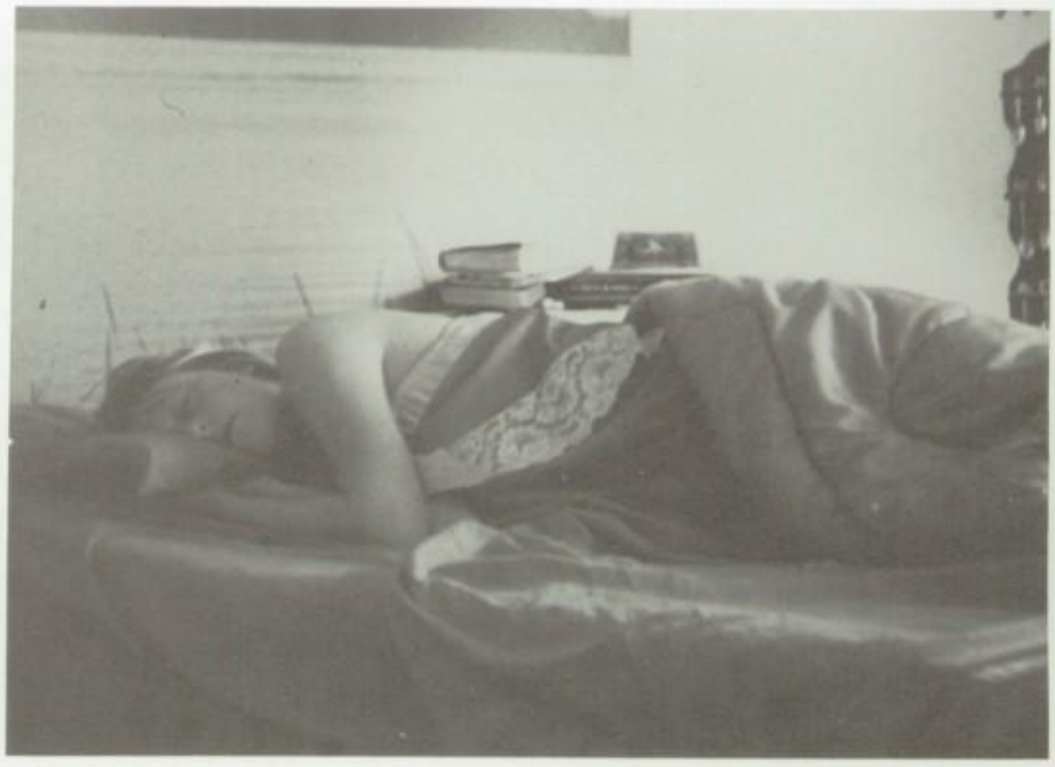
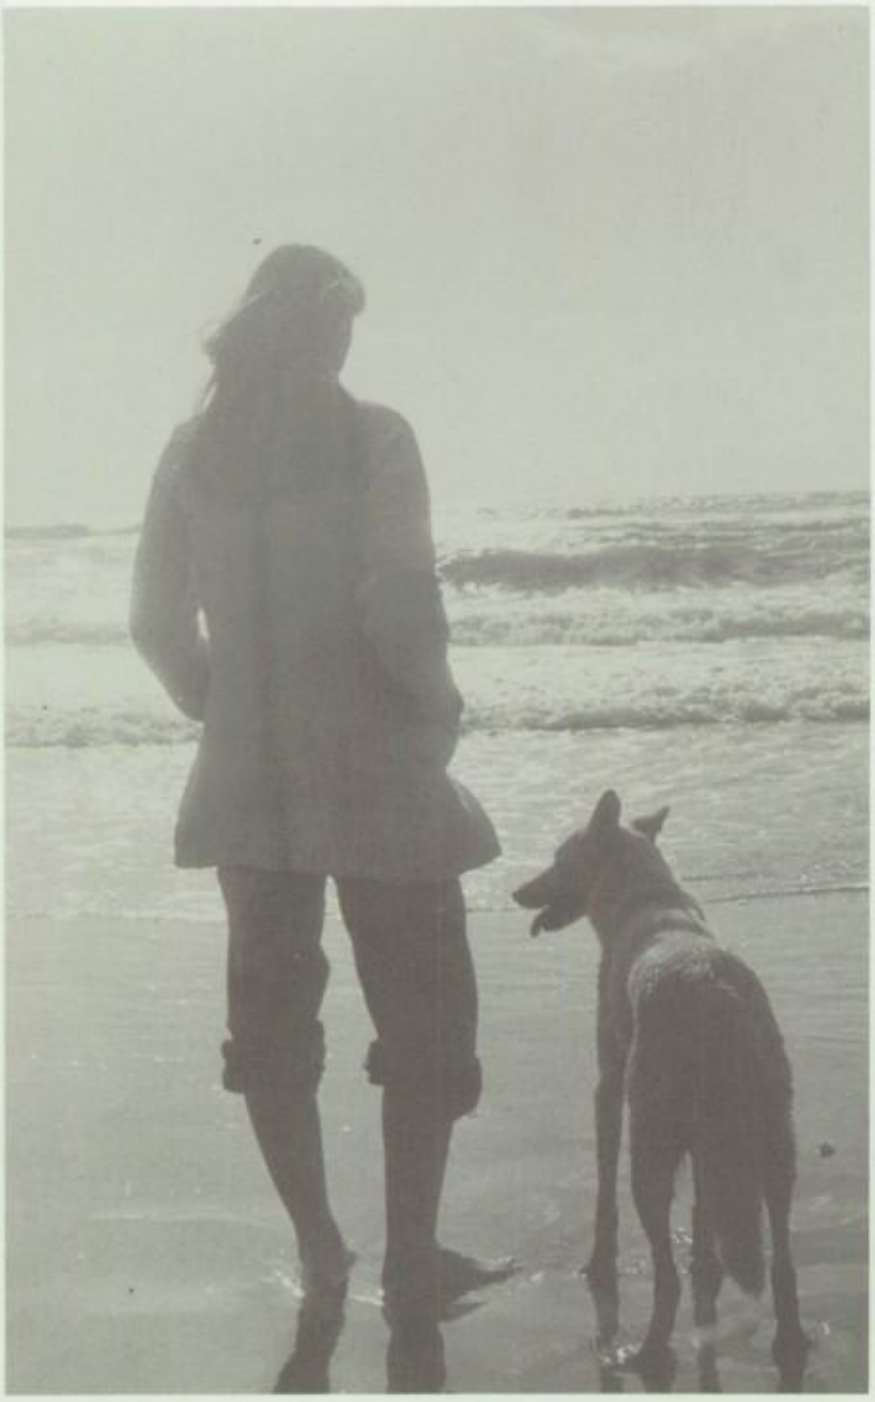
Weekends Were



Made For You And Me



Weekends—that special time of the week reserved for fun and relaxation. The only chance to get away from the hassles and pressures of hard classes and homework. Whether it was resting up for that special Saturday night date or clowning around on a sunny Sunday afternoon, Patrick Henry students did it with style. Popular weekend activities for the Patriots included surfing, skateboarding, skiing, and many other outdoor sports. Some students chose to earn money by doing odd jobs at home or holding down a regular job. One of the favorite pastimes, of course, was sleeping in late. Nights were reserved for dates, parties, or just cruisin' with the "gang". Norman Lane (otherwise known as Lover's Lane) was the place for many "star watchers" on Friday or Saturday nights. The Campus and Ace drive-ins were also frequented by Henry students as were the nearby Square Pan Pizza and Jack-in-the-Box. Discos Journey, Stratus, and Abbey Road were popular night spots. But, by Sunday night, many students were sitting at the kitchen table, asking Mom or Dad for help with their English or math, as they finished up with that last minute homework due on Monday.

All good things must come to an end, and so must the eleventh year of Patrick Henry High. The school is a big one, but more importantly, it's a good one. This year, the ASB tried to make it even better. Achievement of these activities are completed by a lot of hard work, dedication, and effort on the part of many people in the ASB.

My thanks and appreciation goes to every club and organization that have made this school year a better one. Special thanks to Mr. Dobbin, Mr. Montague, and Mr. Thornton for their support, and my deepest appreciation to Mr. "Scotty" Miller, whose support, dedication, and most of all, concern for the ASB Cabinet cannot be repaid in mere words. Lastly, I would like to thank the students of Patrick Henry. This has been a good year for me, and I hope it has been for everone else.

Polish Jews Struggle to Survive in 'The Wall'

The Wall, the three act drama of the struggle and holocaust of the Jews in the Warsaw ghetto during World War II opens another Drama Production season on November 7.

Adapted by **Millard Lampell** from **John Hersey's** novel, The Wall begins with the joy of weddings and a birth to the end fought with desperation, anger, vengeance, thinking they had waited too long to fight back.

The large cast of 25 portrays varying characters reacting differently to the situation.

"Dolek Berson is totally cool. A suave loner only looking out for himself, Dolek understands that the Germans are trying to wipe out the entire Jewish population but doesn't want to get involved," said senior **Bruce Schuman.**

Dolek is ironically attracted to a serious minded, plain 24 year old, Rachel Apt.

Senior **Meg Heidrick** described her character, "Rachel fights back in order to survive."

Rachel is the backbone of a family with an irresponsible father (**Bruce Hall**), innocent 9 year old brother (Sophomore **Andy Pease**), and a lightheaded sister (**Renee Morgan**.)

Fischel Shpunt, the 64 year old peddler, is animated by Junior **Jeff Klein.**

"Fischel is a wise businessman with the instinct to survive. He exaggerates his heart palpitations and amuses everyone as a foolish old man but he knows the trains of Jews are not going to relocation camps but to their deaths," Jeff said.

Pavola Menkes (Sr. **Linda Oostmeyer**), the widow baker, tries to see a light of hope that someone will come to save them. The druggist, Kogan (Jr. **Brett Kelly**), changes from a dignified family man to a desolate human being only concerned with saving himself.

"One of the more liberal persons in the ghetto, Katz, tries to convince everyone else to resist but is ignored until the end," **Stan Glickman** said of his part.

Ticket sales build the treasury to pay for the sets under **LarryTrouba** and the royalty of $50 for the first performance and $25 for each additional show on November 8, 9, 14, 15 and the 17.

The Wall is student directed by **Liz Otero** under Director **Mike Auer** and produced by **Jenny Braun .**

Levinson Archive

John Hersey based his novel on the Yiddish journals of **Noah Levinson** who explicitly recorded three and a half years of existing within the eight foot high wall surrounding the Warsaw Ghetto.

Four survivors lead a group of surveyors through the rubble of Warsaw the summer after the end of the war to recover the Levinson Archive according to the directions N.L. had left.

The only building standing within the wall was the Gensia St. Jail, the prison, but the crew managed to locate the records in the corners of two courtyards.

A solitary man, Levinson reported the struggle of the Jews in over four million words before he died of lobar pneumonia in March, 1944.

Authentic Props

The equipped German uniforms, solid barrel gun replicas, and the personal papers of a Berlin university professor in the production belong to the antique collection of senior **Jay Lance**.

Germany army uniforms with an East Front Medal and Second Class Iron Cross ribbons valued at $100 each, helmets ($35), belts, buckles, ammo pouches, horse fur covered backpacks, and one original pair of boots ($100) are all souvenirs from World War II.

The professor's personal papers dated from 1935-1943 include receipts for Union dues, working papers, a rare oil cloth identity card kept in his wallet which enabled him to travel to and from the university.

"The oil cloth usually disintegrates quickly," Lance said. "But on this one, even the photo of his stern profile is intact."

Mickey Mouse Wall Clock Mugged Again

"What's the point of fixing the clock if vandals will break it again," Principal **Frank Thornton** said.

The Mickey Mouse quad clock was broken by vandals who stole the hands five weeks ago. The clock worked last year despite other vandals who fooled with the clock's hands and changed its time.

The clock is currently in an electrical shop getting new hands put on and a complete overhaul. The approximate cost of fixing the clock is sixty-five dollars.

Thornton said that if the vandals were apprehended they would pay for the repair of the clock, if they are not caught, the Operating fund will have to pay for the repairs.

Thornton feels that the vandals responsible for the graffiti on the school buildings are also responsible for the damage of the clock.

The clock, donated by the Allied Gardens Womens Club in 1969, hasn't always been adorned with Mickey's portrait.

According to Administrative Assistant **James Dobbin,** Mickey was painted about five years ago by "benevolent vandals."

Two common causes of breakage occur when someone does pullups or trys to force the arms in some way.

Sophomores Required to Pass Competency Test

Passing the Competency test is required for tenth graders under a new California law before receiving a high school diploma.

The first testing period began October 19 and will last until November 15, for the duration of eight class periods.

Subjects tested are math, english,and reading. Math questions asked deal with whole numbers, decimals, fractions, and graphs. Comprehension, filling out a job application and a 'letter of request' fulfill the English section.

If a student fails the test the first time, makeups will be administered in March.

A high school diploma will be held back from any student not passing by 12th grade graduation. A certificate of participation will probably be substituted.

"The test will have an impact in the classrooms, " Vice-Principal Joan Liddell said. "It could mean we'll have to teach some things differently, especially in the basic skills area. We don't know where we're going to stand since this is the first time the test has been given."

Patriot Statue Vanishes for Record Twenty Days

The 'Spirit of Patrick Henry' vanished the evening of October 5 and wasn't discovered missing until students and faculty arrived the next morning on the day of the Point Loma football game.

Security Agent **Steve Camblin** said he filed a theft report when it was not discovered on any of the rivalry campuses as in two previous cases with Crawford and Mira Mesa.

The eight foot statue donated by the Class of '75 was found hanging from the Crawford gym two years ago. The Crawford ASB paid for two hundred dollars damage inflicted upon the statue.

Mira Mesa 'borrowed' it last year to sit upon the top of the building on their campus.

The Patriot, valued at $1,200, was twisted from its three-quarter inch bolts in the last theft. Manufactured from fiberglass, it is easy for one person to carry, according to custodians Gauntlett and Schenkelberg.

Camblin said that if the statue is returned, it will most likely be filled with cement, making it practically impossible to remove.

SENIORS' CORNER

Distribution of Financial Aid packets containing forms on the state and national level commences Wednesday, November 1.

Improperly filled out applications mailed after January 3 and before the first of February will be delayed and money may not be available.

Supplements for California Grants can be sent in anytime in November but not later than February 1.

Before sending the application, make a photostatic copy and get a certificate of mailing.

CLUBS & ORGS

The Inter-Club Council was included in the re-writing of the constitutional by-laws last year to increase school unity under the Human Relations Commissioner **Jeanne Merino.**

Every club must send one representative to the next monthly meeting on November 1. If a club misses three meetings, the charter is revoked, according to the by-laws.

The Council will attempt to solve conflicting club events, raise funds for a treasury separate from ASB to "bail out" financially troubled clubs, and plan Brother-hood and Black Awareness Weeks in February.

MEMORIAM

Junior **Robert Warren,** died October 14 in an automobile accident when his breaks failed and he lost control of his car enroute to his Homecoming in Owings, Maryland, according to his aunt **Sharon Brawell.**

Robert, 16, attended this school last year before moving back East in February.

Close friend **Ron Barnes** said, "Rob was a really cool guy. It's too bad this had to happen."

The students offer their deepest sympathy to the family and friends.

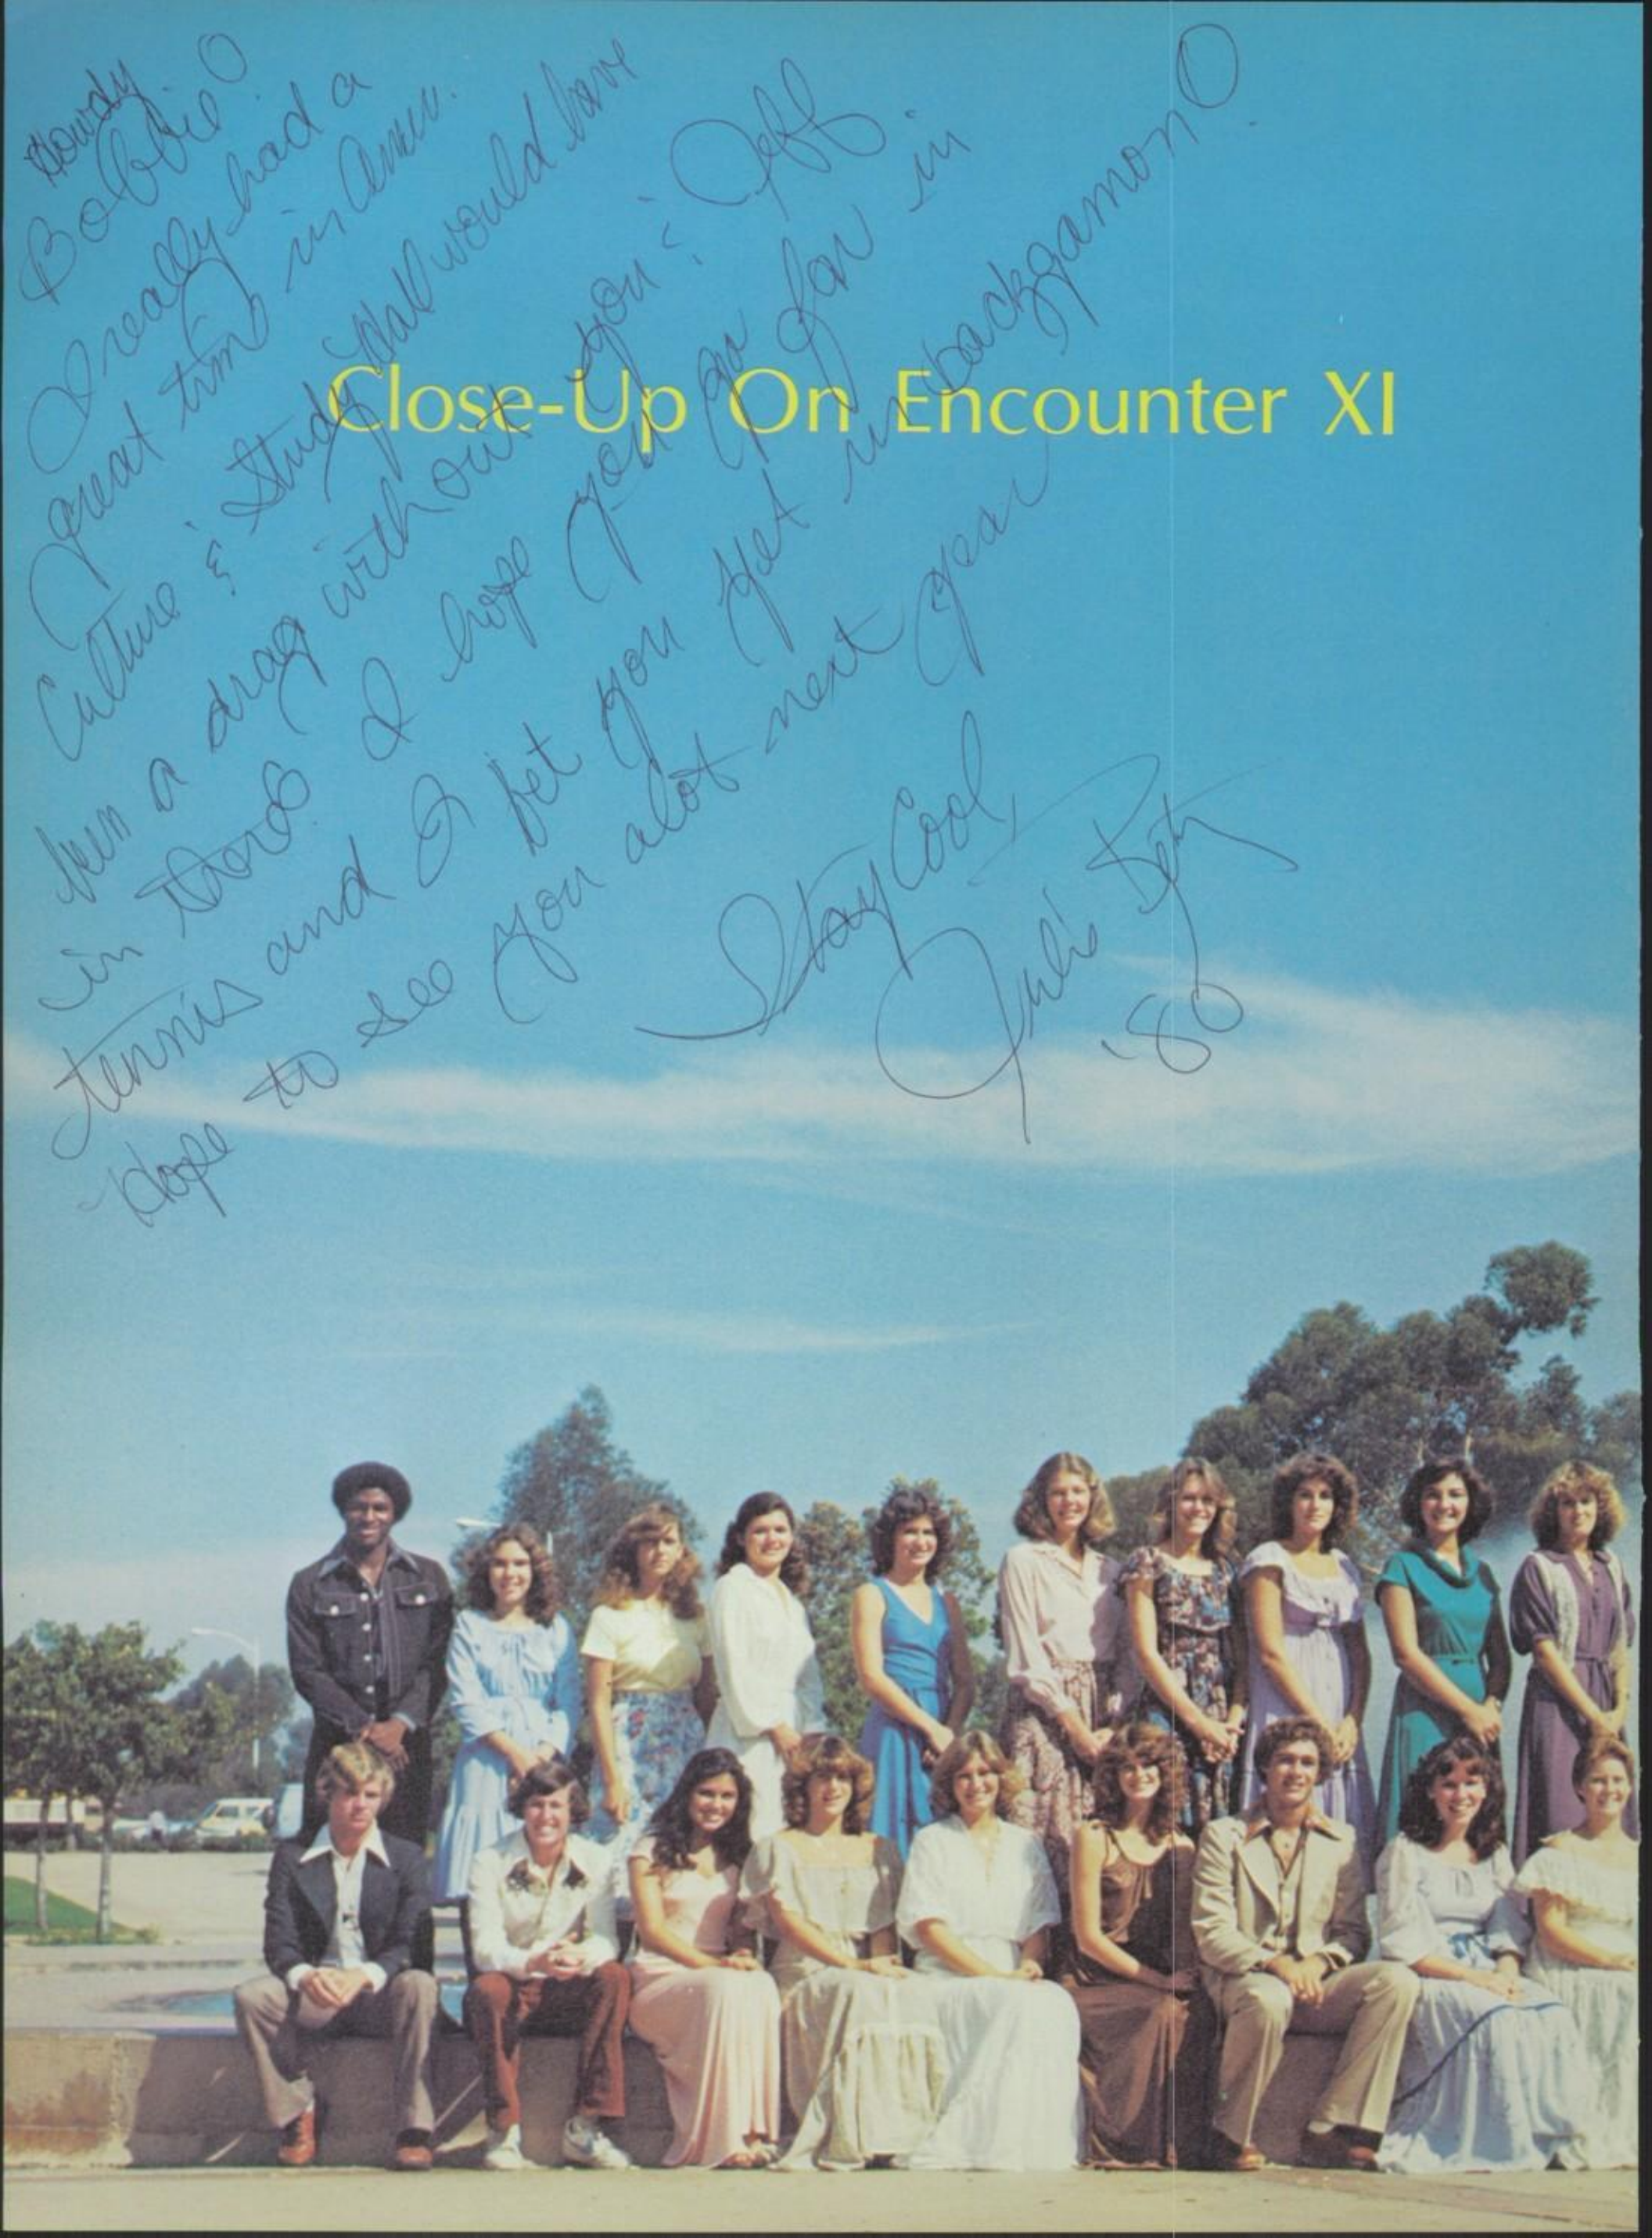
Close-Up On Encounter XI



What is a yearbook? Most people would say it is a collection of pictures and print chronicling the events of the year. But to a member of the Encounter XI staff, it is a book of memories, a mirror reflecting the happenings of our year, put together with hard work, sweat, laughter and tears. The 1978-79 Encounter zooms in on campus life: classes, sports, clubs, dances, and, of course, friends. It is our hope that this Encounter will be enjoyed more and cherished longer than any book you now or ever will own.

Drill Colonel Linda Stutler and Drum Major Jay Terpestra

The 1978-79 Marching Patriots glided through the season with hard work and dedication. The band represented Henry in the Columbus Day Parade, Autumn Band Review, Camarillo Winter Parade, and the first annual Holiday Bowl.

In addition to parades, the band performed at pre-game and half-time shows. The Symphonic and Concert bands, under the direction of Gary Stollsteimer received ratings of superior and excellent on the district and regional festival levels. The year proved to be very rewarding.

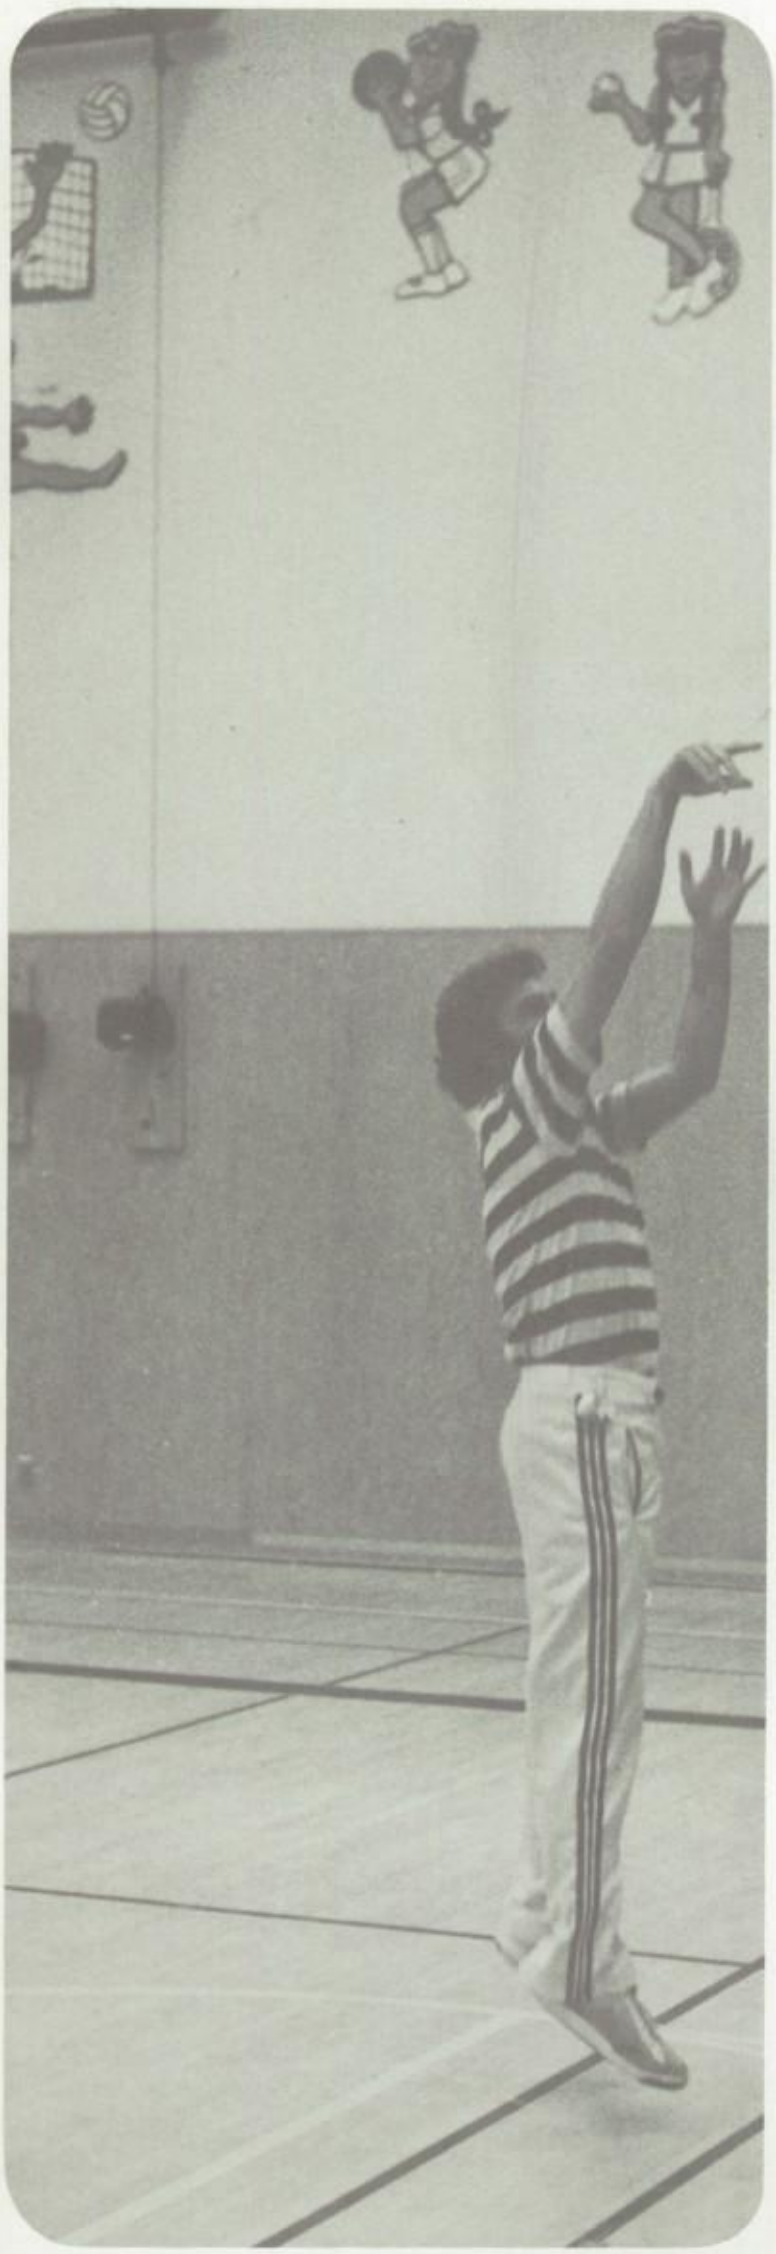
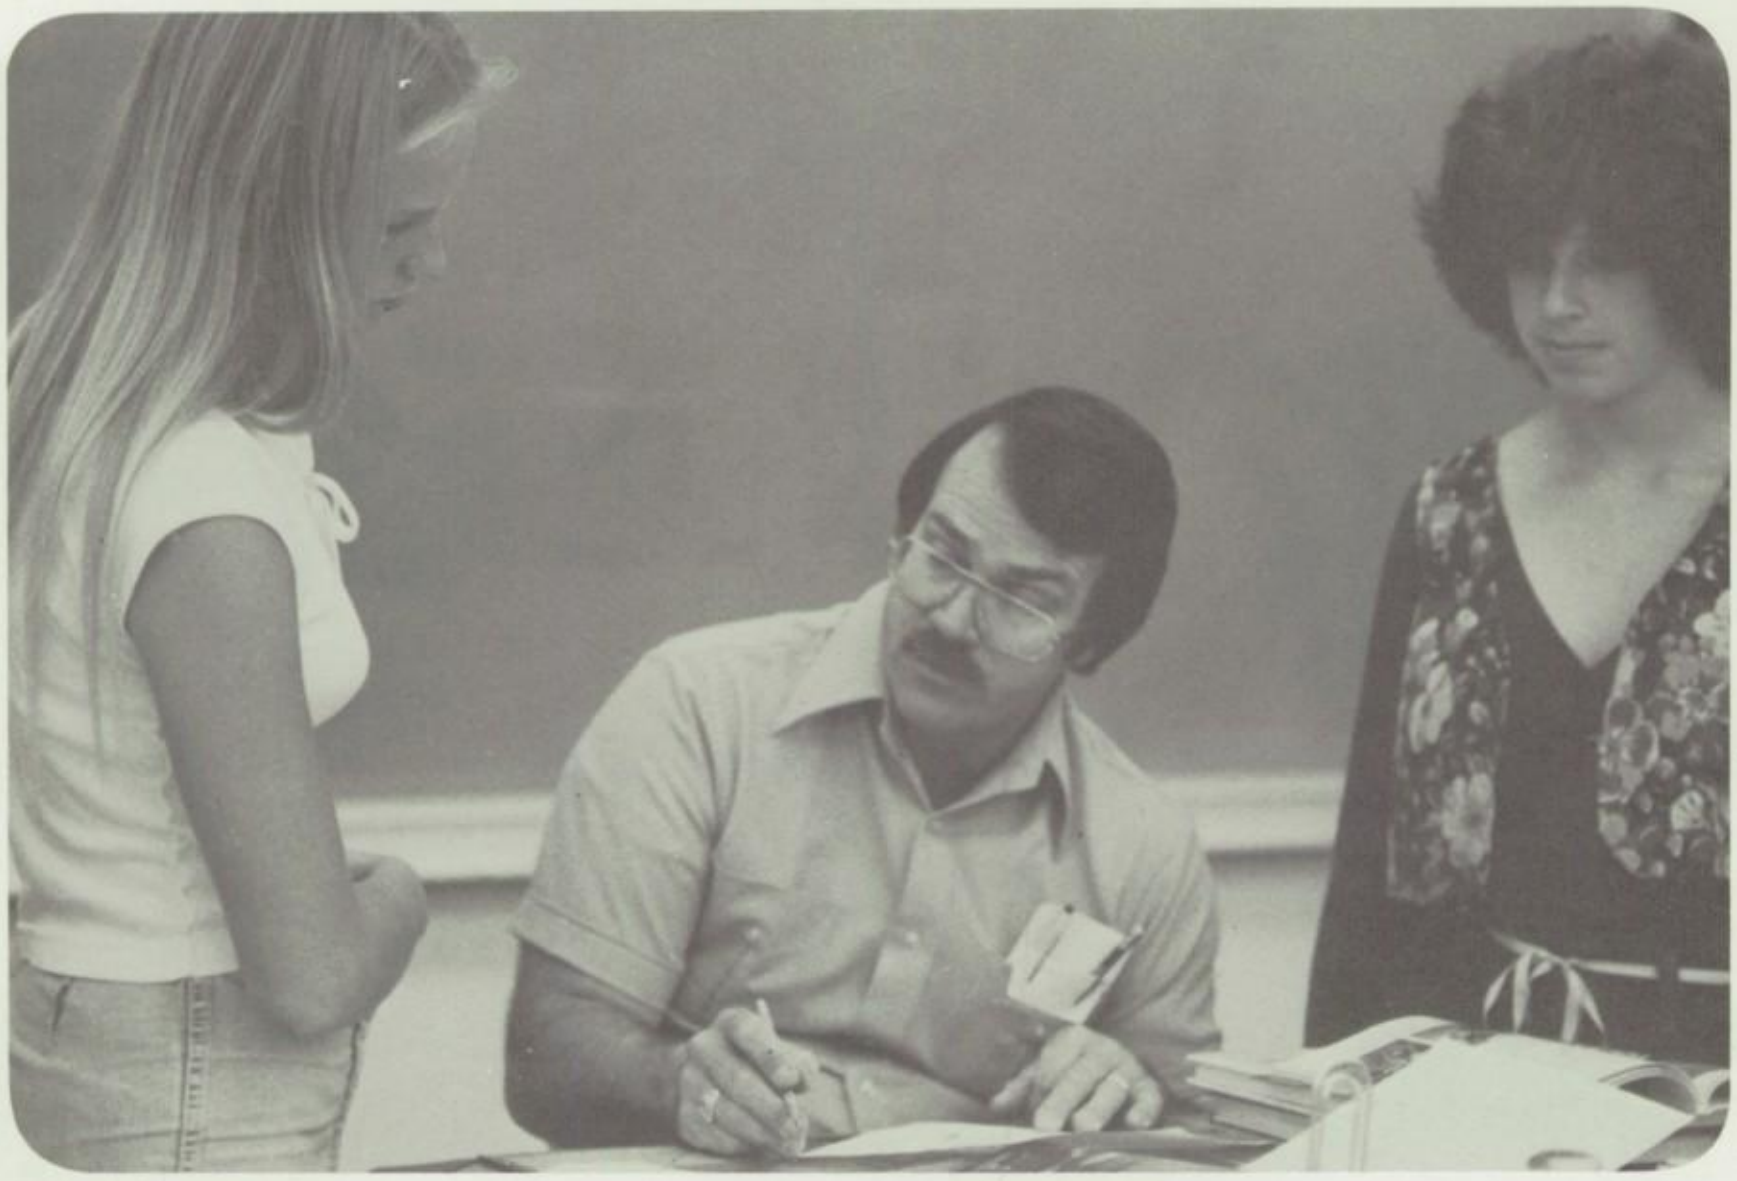
FOCUS ON . . .





FACULTY

Leadership by Example

Mr. Frank B. Thornton, Principal

To the Class of 1979:

Those of us who serve at Patrick Henry feel privileged to have known you and to have shared these special years of your growth toward maturity. You have gained knowledge at Patrick Henry, but may we remind you that that knowledge has value only in its use. Your knowledge is not the main thing—your deeds are.

So as you leave us and continue to learn and grow, remember to use your knowledge to help all those around you. And if you do, the world of your children will be a better one than you found.

Good luck and God bless.

ABBOTT, Craig 10th gr. summer with Mat. Going to beach with LA. Bodysurfing and jacuzzis. Bowling and activities with SS, JJ, CW, and MW. What about my rep? Playing football, basketball, and baseball all the time. Getting out at 3:40--screwing everything up. An occasional school dance--what a mess. Racquetball every so often. Boardsurfing so early in the morning with SD. Basketball at the Rec. and covering a chick. Messing around with RS, SL, CM, MO, and DS. Whipping SD at racquetball. NFC obviously better than the AFC. Pro-bowls and Dallas--Yea. Mostly going to the beach with MO and occasionals with SIL, Sel., CM and DS. Taking off for Yosemite. Getting sick there, and then having the run-in with the bear. Man, what's your SAT? Playing football and finally losing while breaking thumb in process. Going to the Rose Bowl. Hey, your not going to make it to College. Good grades--a first.

I made lots of good friends in the team and school. I think I enjoyed it. My second year was more fun because I was older and had more friends than the year before. I joined to soccer team again and it wasn't that fun it was ok. This is my last year I had lots of fun in this school and I am the greatest soccer player here.

BAUCHMANN, Scott

BAUMGARTNER, Scott Yea, I'm finally out of school. 12 long years. But the last two were the best of all. In 10th grade, Rick, Roy and I went following good looking girls in my little Volvo. And all the rowdy and foolish things we did together. 11th grade I found me a brown hair woman with a cute little butt. The dances we went to were great. The Jr. Prom was a smash and a half!! In our green Continental and our Lt. Blue outfits we were hot stuff. And with Aaron in the back cracking jokes. And Roy, Rita and Rick and Denise. The week I spent with B's on vacation was great. The nights were fantastic. 12th grade was the best. Being older a little wiser, crazier, homier. The beginning was slow but as the end came closer it got a lot more fun. Still being with my cute little brown haired woman. Auto shop with David, Roger, Lenny, my best friends Rick and Roy. The film in Science Fiction, what a laugh but fun. It was great hope the fun never stops. Hope to be a millionaire. Love ya always Sheree.

Here's to the cycling bunch--BY SS SH RJ and DS--It's never too early, too cold, too wet. May your chamois never wear out, your tire never go flat. Well, it wouldn't be cycling without it! Climb to the mountains (14,000) and get their good tidings with DB and TD in TB. I still at two (Whitney-Langley) as of 2-1-79, soon to Williamson in May. Thanks to CK with love for the confidence I needed, looking for success with GB on ski trips in future, still wondering if CC skies. Soon to slow on skiing, mountaineering as college approaches. On to Santa Barbara for Geology, blondes. "Fistful of Yen" still tops humor list, "Animal House" disappointing in lack of rye humor. LB means no harm to your planet. Cheers to BY, in Colo, and best of luck in the pursuit!

FERRELL, Anthony I've only seen a year & ½ of Henry high. My sophomore year was alright I got in on the last half. It was fun. I caught up with a lot of partners which I went to school with back in Jr High. Also I met a lot of new people. The second half of my sophomore year was for catching up. My senior year was a mess. It started out slow & picked up later in the year. Most of the time we spent out to lunch at the Donut shop. There is a lot left to do like meeting more people if you know what I mean. The best is yet to come.

FINBERG, Bernard One step forward and not giving up until your goal is achieved--is the key to success. Don't be a quiter and never let the "sharks" get you, instead you tackle them. Life is great and it all depends on what you make of it.

FRAITAG, Leonard I liked PH a lot. I had a great time all three years even though it was school. In my Jr year I had great friends like GC, JM, TS and all the others. During my Sr year I had it easy. It was fun in auto even though it was a drag getting up at 5:30 but it was worth it when we would. GH in the morning. After that I would go to office service in the gym and then my regular PE. All the coaches were great especially Coach K and Coach L. Mr Marino you are the best teacher of all even though your jokes could use a little improvement. ORTLIEB, Randy Three outstanding years at Henry and I can't remember anything. The few faces and names that I can recall are all lost in the nothingness of the Universe. I know who my friends are and they know me--if any one of you out there who might read this are looking for your initials, consider the recorded in the sixty-minute cassette of life. Don't worry about your existence, either. If I remember someone, they exist. Anyhow, as all people die, so do they live, and that makes for some pretty hairy moments, I'll tell you. Ultimately, the Universe is evil, and although life can be fulfilling and happy, we all end up as a corpse in the end. Woody Allen movies are pretty funny too, and David Bowie in concert ain't bad either.

PAGANO, Barbara Looking back at 10th gr. I remember that I hardly went to school. BS PR, and I always found something better to do. School started at 7:30 and ended at 3:30 for me. After school MF was usually waiting to take me home in his 289 hot rod Mustang. 11 gr. started out great went to school more than in 10th. I got my drivers license and I started driving my mothers Camaro. Good 'ol Herman Cruises anywhere. I had fun going to a lot of parties with friends. Then towards the end of the year a good friend of mine died in a car accident. That happened on Halloween Day of 1977. Her name was Linda Roberts and she went to nite school here at PH. It is still hard to get over her. Ninette, Linda, and I grew up together. We got into trouble together, but we always had fun. And all that was left was one single yellow rose. JP left for Indiana, but I've gotten over it. Most of my friends either dropped out of school or started going to nite school. I met KH at his own B'day party. That was Nov. 18, 1977 and we've been together ever since. All my teacher's were great. Mr. Julian was my favorite and Mr. Shaffroth. Miss Idels was very nice also. Ace and Trace and I in Biology. Always gossiping about "Moldy" news. Remember the inedible ink and egg. They sure went good together, huh Ace! We sure were mad that day. EM and I cruised EC on Friday nites when we got bored. Most of the nice people live in EC. Then on Sept 9, 1978 Nunette and Bobby were married at Balboa Park. I was the Maid of Honor. I really hope their marriage really works. Can't think of anything else to say. Well take care Patrick Henry. I guess we've all had our ups and downs together.

PAOLINI, Christina Wendy and Margaret, remember New Yawk is the best in Ogist. Wendy and Lisa, yay for short people, racquetball and Jack's. Debbie, here's to staying on the beam, hanging around the bars and not falling on our heads. Erin and Deb, never forget those famous words: low D-high minus high D-low over low-low. Thanks to everyone who gave me memories at Henry in my one year here. Also MS KM LC SF JS JR and SM. I miss you all. Hyde Park and FDR High were great. Good luck to you all. Hre Sch;, CSF, Bnd, Stbll, Gymnstcs.

PENA, Audrey Made it Gloria, Best Bud anyone can have, I'll always remember you and all the great memories we shared. 10th Spanish for two hours with Mrs. Warren. All the cuties to ourselves. She's Italian. Visiting Bosque de Chapultepec on your way to Hawaii. Lighting a fire cracker in class. Getting out at the semester, taking it over again in 11th, this time passing. 11th English with Wyman's wine-ons. Brenda alway remember good things come in small packages. Bowlins class meeting the Dr. Pepper man. Best pals TE and

people. I started by becoming friends with the people in my classes. Then at lunch eating with someone I didn't know that well. While I was doing this I met two very nice young ladies. One by the name of Adrianne and the other which I liked very much Donella. I lost the election but I didn't lose the friends. In the second semester I decided that I didn't know enough people to have fun in high school so I became a track manager. That semester I knew so many people. The whole track team knew me and that's a lot of people. This is my third semester. This semester would have been very boring if it weren't for 4 very nice people in Mr. Sheldon's history class. These people are Lynnae Lloyd, Kathy Millsaps, Mike Overstreet, and most of all Eileen Plummer. These people made my junior year something to talk about. I ran track that year but didn't do too well so I won't talk about that. This is my 5th semester. This is my senior year and this semester is the most boring one I have had yet. It was routine all except for a special English teacher, RC Hotchkiss, he's a good man. I am going to miss this school very much. I had lots of fun and friends.

RABE, Hydee Wow, did that go fast! At the beginning of high school I never thought it'd end! It sure was a busy 3 yrs.; the teachers' strike in 10th grade, bomb threats, nude beaches, forced busing, the Triple E Award, people staring at my R.O.T.C. uniform, ROTC competitions, medals, awards, Easter Camp at Pendleton and the way people stared when I wore fatigues for that. The years were filled with 300 hrs. of Candy Striping, being elected Queen for Hoover's ROTC, a certain teacher who bellowed like a fog horn and everyone expected to drop dead of a heart attack, a sniper at my old elementary school, people calling cops pigs when they risk their lives for little kids, getting a job, and cat dissections. It was busy all right, but it was also filled with memories and friends that I'll never forget. THANKS HENRY!

SCARCELLA, Nicolas 10th grade total bummer. 11th good year. Plenty of parties. Surf class was pumpin. Getting up at 4:30 A.M. Picking up Rick and Joe. The only bummer was the A.M. radio Got my dog coach from Nicky Scillo. He's casual. The summer was hot. Plenty of waves Had some good times with Rob, Joe, Gerald and Rick. And Nando. South O.B. Looking for edibles and flips off the pier. 12th Cradle. We missed you Nando. Got hassled from Mrs. DiMatteo for being tardy second period. Larry Steve made the graphic I got an A on. Might hit the slopes of Argentina with Luis. This summer. With him it's hard to tell if he'll pull through or not. Plenty of food fights and laughing at people who got hit in the head. Parties were plentiful but working at B&R helped me miss some good ones. Joe mellowed out this year thanks to Sheri. The Swens is still totally rowdy. Got my stereo put in my V.W. Listening to F.M. and some hot tapes. Played a great game of football after a big storm. My Mom didn't like that too much. Going back to the 11th grade and the Winter Dance had a good time. Catasaned up to Cryste pier. And the radical race home against Paul and Jerry. A lot of good times but I'm glad to get out. Take Care.

SCHIPPER, Richard I struggled all the way to twelfth but made up for it. Had a great time with all you dummies. Especially you, JB, RUH, Jimmy and you Brenda G, You're so pretty. 1979

STARR, Rachel I started going to Patrick Henry High since 11th grade. The first week was the hardest getting use to everything, then I started making friends, we had lots of fun being ourselves and getting through each day. I don't know what I would have done if it wasn't for God helping me and having friends has made it a lot easier getting through these years. People tell me when I get out of High School and on to college I'll look back on the most important years of my life which were in high school because that's where you do most of your deciding and planning for the future. I've been taking some kind of art every year since Junior High and plan to major in art in college and maybe someday be an artist. Good luck to all.

TARAZ, Rosa A Quote From Baha'i Writings--"Every child is potentially the light of the world and at the same time its darkness; wherefore must the question of education be accounted as of primary importance. From his infancy, the child must be nursed at the breast of God's love, and nurtured in the embrace of his knowledge that he may radiate light, grow in spirituality, be filled with wisdom and learning and take on the characteristics of the angelic host." Dear Bobby

From Robin L. Rhoe well its been a very long year I didn't know you then but I know you now. its been fun seeing you in my class. because I do not that many Black in the class. Whatever I know of you is good very nice personality and truthfull (even your smiles) and I hate (one) (smile). But but you have a very good tennis player I hope you will be here at Henry next year and try to win some (smiles) also you do have a lot of freinds so that must mean something don't let it go to your head ok. you took very nice pictures in the annual, which was pretty good (smile ☺) If you come back next year try to do all your work and learn how to talk in front of a class instead of not coming at all ok.

Well I better close my letter and say have a nice summer stay nice and don't loose your humor and stay good in tennis or at least get better!

See you next year 80*

H.R.

P.S. Don't wear to many Hat or everybody will call you Mr. Hatman next year

It has been a great

You obviously have a great
